COLLECTIVE ABSTRACTS

Interstate Medical Journal Co., St. Louis, Mo.

Interstate Medical Journal

AS A MEDICO-LITERARY PERIODICAL

the INTERSTATE is generally recognized among English-speaking physicians as one of the most important monthly medical journals for the general practitioner with broad professional interests.

The INTERSTATE possesses a **literary individuality** which has made it an outstanding publication in American medical journalism, and a **scientific worth** which has earned for it the position of an established institution in periodical medical literature.

Authoritative, practical and time-saving (because of its "Collective Abstracts"—a unique feature in this publication) the INTERSTATE makes a special appeal to the busy practitioner whose reading time is limited.

The subscription price is $2.00 per year, and it is the kindly criticism of many readers that this amount is less than its value. Sample copy on request.

AS AN ADVERTISING MEDIUM

the INTERSTATE offers its space at consistent rates and within proper ethical restrictions, for the announcement of anything of interest to the medical profession.

The subscription list of this publication is full of potential business for manufacturers of ethical pharmaceutical preparations, improved medical and surgical apparatus, and dietetic and hygienic products; also because of the quality of its circulation, it is the favorite monthly medical paper for the announcements of sanatoriums and resorts.

Detailed information relative to advertising service and recent numbers of the Journal will be furnished promptly on request.

The Chautauqua School of Nursing

This institution provides a scientific study course which brings the essentials of hospital nursing to the woman in the home.

The instruction is imparted in a carefully prepared series of lectures which cover every point in the training of a nurse from the general care of the sick-room to the aseptic technique of the surgical or obstetrical case.

This course and method represent the development of more than ten years' experience with the largest body of nurses in existence. It has brought expert helpers to physicians; it has enabled many women in middle life, eminently fitted for this vocation and otherwise debarred by the age limit of the hospitals, to become competent nurses; it has provided many small communities with an expert, reliable nurse.

Our course offers a complete method of training. It has been adopted by many hospitals and sanitariums. We shall be glad to send full information of hospital rights with specimens of the lectures to physicians conducting nursing institutions.

Antikamnia Tablets

THE name itself suggests what Antikamnia Tablets are, and what their remedial characteristics are:—Anti (Greek *Αντι*), Opposed to—and Kamnia (Greek *Καμνος*), Pain—thus we have "ANTIKAMNIA" which means "OPPOSED TO PAIN," a remedy to relieve pain and suffering. The genuine Antikamnia Tablets always bear the AK monogram and are, on account of their convenience and accuracy, recognized as the most approved form for taking this remedy.

SYNOPSIS OF CONTENTS

The twelfth revised edition of Polk's Medical Register and Directory of North America contains 2378 pages.

The first 204 pages are devoted to general miscellaneous information and embrace: National and Inter-State Associations and Societies Relating to Medicine and Surgery; the Army Medical Museum at Washington; the U. S. Naval Medical School at Washington; Officers of the Medical Department of the U. S. Army; Medical Corps of the Navy of the United States; U. S. Marine Hospital Service; U. S. Indian Service; Roster of Examining Surgeons appointed under authority of the Commissioner of Pensions; Existing and Extinct Medical Colleges of North America; Auxiliary and Post-Graduate Institutions and Courses; Medical Journals in North America; Medical Libraries and Medical Departments in General Libraries; Therapeutic Classification of American Health Resorts by Guy Hinsdale, M. D., etc.

Pages 205 to 1874 contain the List of Physicians and Surgeons or Directory proper, arranged by location, giving postoffice address, with population, the school practiced, date and college of graduation, etc. At the commencement of the list for each State, territory or province is a descriptive article embodying such matters as location, boundaries, latitude and longitude, extent in miles and acres, statistics regarding climate, population, etc., followed by list of Medical Colleges, State Board of Health, State Board of Medical Examiners, Health Officers at Principal Points, Hospitals, Sanitariums, Dispensaries, Penal, Reformatory and Charitable State Institutions, Medical Societies, Mineral Springs, and the law regulating the practice of medicine.

This is followed by the Supplement (page 1875), which contains names of physicians received too late for compilation in their respective locations, also changes in information and removals.

Pages 1877 to 2261 contain the Index to Physicians in the United States arranged alphabetically where reference is made to the page on which each name appears with address and full medical record.

The work is supplemented by a Classified Business and Physicians' Supply Department, embracing a list of the leading firms in North America engaged in the manufacture and sale of goods pertaining to the profession of medicine. Each class is embraced in one list and arranged by location and cities or towns.

NOTE.—Special attention is called to the fact that the asterisk (*), meaning "no report received in answer to inquiry regarding graduation," does not at all imply that the physician after whose name it appears is a non-graduate. Doubtless the names of some are so inserted who are graduates and prominent in their profession; in such cases the publishers found it impossible to secure the desired graduation data before going to press.

The Publishers invite friendly criticisms of the "Register," and will be glad to receive notice of errors or omissions, also of deaths and changes of address.

WE FURNISH

LISTS OF NAMES

UP-TO-DATE ANY BUSINESS---ANY LOCALITY ACCURATE

We can also print your envelopes and advertising matter, address your envelopes or wrappers, fold, enclose and mail your circulars.

We publish over 250 City, County, State and National Directories; therefore have unexcelled facilities for furnishing lists or addressing envelopes to any trades and professions that are not covered by our National Trade Directories.

AS DIRECTORY PUBLISHERS

we have available the manuscript matter that we intend utilizing in directories being compiled and therefore can ADDRESS YOUR ENVELOPES FROM UP-TO-DATE INFORMATION BEFORE IT APPEARS IN TYPE and consequently BEFORE IT IS IN THE HANDS OF FIRMS WHOSE BUSINESS IS SOLELY FURNISHING LISTS OF NAMES. It costs us more to compile lists from our advance manuscript Directory information, but for every extra dollar you pay for lists in advance of publication YOU SAVE TEN DOLLARS IN POSTAGE.

Price lists and prospectus of any of our National Publications and Trade Lists sent on application.

ARMY MEDICAL MUSEUM AND LIBRARY AT WASHINGTON, D. C.

The Army Medical Museum was removed in 1887 from the building formerly known as Ford's Theater (Nos. 509 and 511 10th st. n. w.), and now occupies a portion of the building erected for it at the northwest corner of 7th and B streets s. w., east of the National Museum. The rest of the building is occupied by the library of the Surgeon-General's office, a portion of the Record and Pension Division of the War Department, and the Laboratory.

The museum was founded, and a large portion of the medical and surgical specimens collected, during the war of the rebellion. Since the close of the war, however, the officers in charge have continued to collect specimens from the medical officers of the army at the several military posts, and a number of valuable specimens have been contributed by physicians engaged in private practice. Specimens of value from private physicians are always gladly received, and thus secure premanent preservation in connection with the names of the donors.

The collection is open to visitors daily from 9 a. m. to 4 p. m.

It is richer in specimens illustrative of the results of gunshot wounds, and of the surgical operations which they necessitate, than any other collection in the world. The other departments, though not equal to some of the wealthy and long-established museums of Europe, are nevertheless by far the most important in America, and are annually increasing in extent and value.

The library is the largest and most valuable medical library in the United States and the third largest in the world. Medical men from any part of the country desirous of consulting the works in this library are courteously welcomed and granted free access.

The whole is known as the Museum and Library Division of the Surgeon-General's office.

Lieut.-Colonel Walter D. McCaw in charge and librarian.

POLK'S
DENTAL REGISTER
and DIRECTORY

IT IS A FACT that the leading and progressive men in the dental profession regard the **REGISTER** as a standard book of reference which ought to be in every dentist's library.

The Register is designed to so completely cover the dental directory field that further investment in that line will be unnecessary.

If you want to know the **COLLEGE STANDING** of the dentists you come in contact with, you will find it in the Register.

The **INDEX TO DENTISTS** in the Register will enable you to locate a **LOST FRIEND** if he is practicing anywhere in the United States.

Lists of Dentists arranged by States, giving Postoffice Address, with Population and Location of each place.

College and Class of Graduation.

All the Existing and Extinct Dental Colleges in the United States and Canada, with Location, Faculty, etc., arranged by States and Provinces.

Auxiliary and Post Graduate Institutions and Courses.

Dental Colleges in the United States and Canada arranged Alphabetically by Name.

Classified Directory of Business Pertaining to the Dental Profession.

The various National, Interstate, State and Local Dental Societies, Dental Journals, Boards of Dental Examiners, and other Dental Institutions.

The full text of the Laws for regulating the Practice of Dentistry in each State and Province.

Dental Department of the U. S. Army.

A Descriptive Sketch of each State and Territory and Province.

General Alphabetical list of Dentists, and reference to dental standing.

191½ Medical Department of Hamline University (Minneapolis College of Physicians and Surgeons), Minneapolis, Minn. Organized fall of 1883. First class was graduated in the spring of 1885.

For the betterment of medical education in Minnesota, it was deemed advisable, after consultation, that the College of Physicians and Surgeons of the Medical Department of Hamline University should merge with the College of Medicine and Surgery of the University of Minnesota. The final formalities were completed at a special meeting of the Board of Regents of the University of Minnesota, held March 4, 1908.

Arrangements were perfected whereby the members of the freshman, sophomore, and junior classes of the Medical Department of Hamline University receive their instruction in the University of Minnesota, being required to comply with the rules and regulations which govern the College of Medicine and Surgery of the University of Minnesota. At the end of each year, certificates will be issued by the State University authorities to President George H. Bridgman, Vice-President J. T. Moore, M. D., and Dean C. A. McCollom, M. D., as representing the trustees of the College of Physicians and Surgeons, Medical Department, Hamline University. ALABAMA.

CAPITAL, MONTGOMERY.

Population of State, 2,138,093.
(U. S. Census, 1910).
Number of Physicians, 2,303.

Alabama was organized as a territory March 3, 1817, and admitted as a state December 14, 1819. It extends from 30 degrees 12 minutes north latitude to 35 degrees north latitude, a distance of 331 miles; and from 84 degrees 55 minutes to 88 degrees 35 minutes west longitude, a distance of 214 miles, and is in the same latitude as Palestine, Northern Africa, Central China and Southern Japan. It is bounded on the east by Georgia, on the south by Florida and the Gulf of Mexico, on the west by Mississippi and on the north by Tennessee, and comprises an area of 50,722 square miles, or 32,462,080 acres. The climate is warm and semi-tropical. The northern portion is considerably colder than the southern, which is accounted for more by its greater elevation than from its higher latitude. The mean annual temperature is 62.37 degrees as observed at Auburn, which is situated near the geographical center of the State. The mean annual temperature in the valley of the Tennessee river is 60 degrees, and in the extreme south about 69 degrees. The rainfall of the State is quite noteworthy, averaging 63 inches, which is distributed with tolerable regularity throughout the seasons. The mineral springs are famous for their medicinal qualities. The following table shows the increase in population for 90 years:

1820......	127,901	1870......	996,992
1830......	309,527	1880......	1,262,205
1840......	590,756	1890......	1,513,017
1850......	771,623	1900......	1,828,697
1860......	964,201	1910......	2,138,093

MEDICAL LAW OF ALABAMA.

Entitled An Act, To regulate the practice of medicine in the State of Alabama.

Section 1. Be it enacted by the Legislature of Alabama, That the board of censors of the Medical Association of the State of Alabama, organized in pursuance of the constitution thereof, adopted at Tuscaloosa, in March, 1873, is hereby constituted a State board of medical examiners, and is charged with the duties hereinafter prescribed.

Sec. 2. That an application for a certificate of qualification to treat diseases of human beings by any system of treatment whatsoever shall, according to rules prescribed and standards established by the Medical Association of the State of Alabama, be examined, in writing, by the State board of medical examiners in the following named branches of medical learning, to-wit; Chemistry; anatomy; physiology; the etiology, pathology, symptomatology, and diagnosis of diseases; obstetrics and obstetical operations; gynecology; major and minor surgery; physical diagnosis; diseases of the eye, ear, nose, and throat; and hygiene and medical jurisprudence.

Sec. 3. That an applicant shall before being permitted to enter upon an examination fill out an application blank, giving his name, age, residence, college and date of graduation (if a graduate), references and such other data as the State board of medical examiners may require. The applicant shall make affidavit that he is the person he represents himself to be and that he will faithfully observe all rules governing the examination. Any member of the State board of medical examiners, or the supervisor of examinations appointed by said board, is hereby authorized to administer the oath prescribed. The board shall have the right to refuse to examine a person whose reputation is such as to render him unworthy of membership in the medical profession.

Sec. 4. That when an applicant who has undergone examination shows such a standard of proficiency in the branches of medical learning enumerated in section 2 of this act as has been, or may be, fixed by the Medical Association of the State of Alabama, a certificate of qualification, in form to be prescribed by the said association, shall be issued to the applicant, which certificate shall entitle the holder thereof to treat any diseases of human beings he may be called upon to treat in accordance with the teachings of the school or sect of medicine to which he belongs.

Sec. 5. That when an applicant states in writing that he does not propose to practice major surgery, said applicant shall be exempt from examination in said branch of major surgery, and should his proficiency in the other branches of medical learning named in section 2 of this act reach the standard established by the Medical Association of the State of Alabama, a certificate of qualification, in form to be prescribed by said association, shall be issued to him, which certificate shall entitle him to treat any diseases of human beings he may be called upon to treat in accordance with the teachings of the school or sect of medicine to which he belongs, provided that the holder shall not be entitled to perform the operations of major surgery, and that this restriction shall appear on the face of the certificate.

Sec. 6. That when an applicant fails to attain the standard of proficiency prescribed by the State Medical Association his examination shall be deemed unsuccessful. Such applicant shall, however, be entitled to another examination at any time after the expiration of six months from the date of the preceding examination.

Sec. 7. That a physician who receives a certificate of qualification shall, within ten days after locating in a county, file said certificate in the office of the judge of probate of such county for record, and should said physician remove his residence to another county he shall within said time have his certificate re-recorded. Any failure on the part of a holder of a certificate of qualification to comply with the provisions of this section shall render such certificate null and void.

Sec. 8. That the judge of probate of a county shall provide a blank book, of suitable size, to be called the "register of physicians," in which book shall be recorded all certificates of qualification filed by physicians of the county. The fee for recording such certificates shall be fifty cents. At some time between the first and tenth of January of each year the said judge of probate shall forward to the State board of medical examiners a full report of the names of all physicians, together with their post offices, whose certificates have been recorded in his office for the preceding year; and if any physicians whose certificate was so recorded shall have removed from the county or shall have died the place to which such physician has removed, if known, or the date of the death, as the case may be, shall be reported.

Sec. 9. That the State board of medical examiners may establish reciprocal relations with similar boards of other states in reference to the issuance of certificates of qualification, provided that such reciprocal relations shall not be established with the State board of examiners of any state that does not require examination upon substantially the same branches of medical learning as those enumerated in section 2 of this act, and does not maintain a standard of proficiency at least equal to that maintained by the State board of medical examiners of this State. When such reciprocal relations have been established a certificate of qualification may be issued without examination to a person who presents evidence that he has complied with the requirements of a reciprocating State board of medical examiners, provided that on the face of a certificate issued in accordance with this section it shall appear that such certificate was issued pro forma and without examination.

ANTIKAMNIA AND CODEINE TABLETS
For Neuroses of the Larynx, Menstrual Neuroses, Etc.

Sec 10. That a physician who resides in an adjoining state, near the border of this State, shall be allowed the privilege of practicing in any county of this State into which his practice may extend without examination, provided that he holds a certificate of qualification from his own State board of medical examiners and causes said certificate to be placed on record in the office of the judge of probate of the county or counties in this State into which his practice extends, and provided further, that he shall not open an office, or establish a place, in this State at which calls may be left for him. A similar privilege shall be accorded a licensed physician of any state who may be called into this State in consultation with a physician, except that such consulting physician shall not be required to place his certificate of qualification on record.

Sec. 11. That the State board of medical examiners may issue to a surgeon, or assistant surgeon, of the United States army or navy, or of the United States public health and marine hospital service a certificate of qualification without examination, provided that such surgeon or assistant surgeon, presents to the State board of medical examiners a commission, or other satisfactory evidence, showing that he is a medical officer of the United States army, navy, or marine hospital service, as the case may be, and provided further that upon the face of the certificate of qualification so issued, it shall appear that the certificate was issued pro forma, and without examination.

Sec. 12. That the State board of medical examiners is hereby empowered to revoke the certificate of qualification of any physician who uses intoxicating liquors, or drugs, to such an extent as to be thereby rendered unsafe or unreliable as a practitioner; or that of any physician who is guilty of grossly immoral or unprofessional conduct; or that of any physician who induces, or aids in inducing, a criminal abortion, or a criminal premature delivery, in a woman, provided that the induction of abortion, or of premature delivery, when due for the relief of a woman whose life appears to be in peril shall not be deemed criminal; and provided further, that whenever possible the attending physician shall before performing such an operation call into consultation with him one or more other physicians.

Sec. 13. That whenever complaint, in writing, is made to the State board of medical examiners that a physician in this State has committed any of the offenses named in the preceding section (12), it shall be the duty of said board to summon such physician to appear before it for investigation of the complaint, provided that thirty (30) days notice of the nature and specifications of the complaint, and of the time and place at which the investigation will be made shall be given the physician against whom such complaint has been filed. When the investigation is held, which shall be conducted with as little publicity as possible, the person who files the complaint and the physician against whom the complaint has been filed shall have the right to introduce witnesses, or written testimony, or both, and shall also have the right to be heard in person or by counsel, or both. For good reasons such investigation may be adjourned from time to time.

Sec. 14. That when the State board of medical examiners decides to revoke the certificate of a physician, it shall notify such physician of the order of revocation, and shall instruct the judge of probate of the county in which said physician resides to make an entry on the margin opposite to the recorded certificate of such physician to the effect that upon the order of the State board of medical examiners the certificate has been revoked, entering also the date of revocation. Any physician whose certificate has been ordered revoked by the State board of medical examiners shall have the right of appeal to the State Medical Association, or to a court of competent jurisdiction, one or both, of which appeal such physician must give the State board of medical examiners notice within three days after having been informed of the decision of the board. When the State board of medical examiners has received notice of such appeal it shall await the result of the appeal before instructing the judge of probate to make the entry of revocation.

Sec. 15. That the State board of medical examiners shall have the right to issue, with or without re-examination, a new certificate of qualification to a physician whose certificate has been revoked whenever it deems such course proper and just.

Sec. 16. That all examinations under this act shall be conducted at Montgomery, and that the State board of medical examiners shall fix the times at which examinations shall be held, provided that not less than two examinations shall be held annually.

Sec. 17. That the fee for an examination shall be ten dollars, which amount must be paid in advance of the examination and to such person as the board may authorize to receipt therefor. A fee shall not be returned to an unsuccessful applicant, but such applicant shall be entitled to a second examination without paying an additional fee, provided that such second examination is obtained within one year after the date of the first examination.

Sec. 18. That after defraying all expenses of holding an examination, such as furnishing blanks, paper, postage, certificates, the services of supervisors, clerical help et cet., the remaining funds shall be equally divided among the ten members of the State board of medical examiners.

Sec. 19. That any person who treats, or offers to treat, diseases of human beings in this State by any system of treatment whatsoever without having obtained a certificate of qualification from the State board of medical examiners shall be guilty of a misdemeanor, and on conviction shall be fined for each offense not less than fifty nor more than five hundred dollars, and may be imprisoned for not less than one nor more than three months. A physician whose certificate of qualification is not on record in the county in which he resides shall not be entitled to recover at law any compensation for services rendered in treating diseases of human beings.

Sec. 20. That the State board of medical examiners shall keep complete records of all examinations held by it, giving the name, age, residence, college and date of graduation (if a graduate), of each applicant examined, together with the results of such examination, which record shall be open to inspection. The said board of medical examiners shall also keep complete minutes of all its proceedings, which

minutes shall be so preserved as to be easily accessible should occasion arise for referring to them.

Sec. 21. That nothing in this act shall prohibit the administration of domestic remedies in a family by any member thereof, or prohibit any person from rendering service to a sick or injured person in an emergency, provided that the person rendering such service does not pursue the occupation of a physician.

Sec. 22. That all laws or parts of laws in conflict with this act shall be and are hereby repealed.

Sec. 23. That this act shall go into effect on and after the first day of September 1907.

ALASKA.

CAPITAL, SITKA.

Population, 64,356.
(U. S. Census, 1910).
Number of Physicians, 81.

Alaska is the most outlying possession of the United States. About one-quarter of its total area lies within the Arctic circle and from a geographical standpoint the country must be classed as an Arctic province. Its climate, however, will not bear out this view. The southern seaboard, exposed to the warm winds and waters of the Pacific, gives that entire portion a comparatively warm climate. In reviewing the country as a whole it can be said that the range in Alaskan temperatures is greater than that between Maine and Florida. The southernmost point on the coast will average about the same temperature as Washington, D C., only the winters are slightly warmer and there is less snowfall. The Yukon Valley is somewhat similar in temperature in winter to Montana and Dakota, while in the extreme north the meterologic conditions are invariably Arctic.

Alaska's coast line is 26,000 miles long —7,860 greater than the Atlantic seaboard of the United States. The length of the district of Alaska is more than 2,000 miles and its breadth is nearly 1,500 miles. It embraces 586,401 square miles or 375,296,240 acres. The purchase price paid Russia was $7,200,000, or less than 2 cents an acre. The total value of Alaska's mineral production since mining first began in 1880 is, in round numbers, $206,000,000. The rapid development of the territory has resulted in much government explorations, surveys and investigations. So actively has this work been carried on that while in 1890 little was known of Alaska, today its geography, geology and mineral resources are circulated in detail for every part of the country. The Agricultural Department has established successful experimental stations at various points within the district, demonstrating that vegetables, grains, grasses, fruit trees and live stock are adapted to the climate and with further immigration will prove a boom to the already valued resources of the north. The fishing industry has developed to an annual pack of about 2,000,000 cases of salmon, while other varieties add materially to the volume of this trade. Fur and whale hunting are also other remunerative branches of industry.

MEDICAL LAWS OF ALASKA.

(Chapter 80, 1909.)

Sec. 10. That it shall be unlawful for any person to practice medicine or surgery, or any of the departments thereof, within the Territory of Alaska, until he or she shall have first obtained a license therefor as hereinafter in this Act prescribed.

Sec. 11. That no person shall receive a license to practice medicine or surgery, or any of the departments thereof, within the Territory of Alaska until he or she shall have, first, submitted a diploma issued by some legally chartered medical school authorizing the holder thereof to practice medicine or surgery, the requirements for graduation of which medical school shall have been at the time of granting said diploma in no particular less than those described by the Association of American Medical Colleges for that year, or, second, submitted proof of having practiced medicine or surgery, or both, for a period of not less than three successive years continuously prior to the passage of this Act and within the jurisdiction of one of the judicial districts of Alaska.

Sec. 12. That any person desiring to obtain a license to practice medicine or surgery within the Territory of Alaska shall first make application therefor to the clerk of the court of the district in which he desires to practice. The application shall be in writing, and shall state the name of the applicant, his age, his residence, the name and location of the college whence his diploma issued, the length of time, if at all, he has practiced medicine, and where, giving specifically the names of places wherein he has so practiced medicine. The application shall be accompanied by the diploma of the applicant, or duly authenticated copy, as must also an affidavit setting forth that he or she is the person therein named, and that the diploma was procured in the regular manner after the regular course of study prescribed by the medical school granting the same, without fraud or misrepresentation.

Sec. 13. That any applicant for license to practice medicine or surgery within the Territory of Alaska, not in possession of the credentials specified in section three of this Act may obtain a license at the discretion of the clerk of the district court to whom he applies upon furnishing a properly attested statement, to-wit:

That he or she is a bona fide resident of Alaska, and has been engaged in the practice of medicine exclusively within the Territory of Alaska for a period of not less than three successive years immediately prior to the passage of this Act. The application shall be accompanied by the written recommendation of three bona fide residents of the judicial district wherein the applicant desires to practice, one of whom must be a physician holding a license under section three of this Act, and shall state in a general way applicant's character and professional ability.

Sec. 14. That every person receiving a license to practice medicine or surgery within the Territory of Alaska shall have such license recorded in the office of the clerk of the court of the district wherein he is practicing, or proposes to practice, within thirty days from date of issuance. And when such licentiate moves into another district for the purpose of continuing the practice of medicine, he shall first file for record with the clerk of the court of the district to which he moves a certified copy of the license.

Sec. 15. That any person shall be regarded as practicing medicine within the meaning of this Act who shall within the Territory of Alaska append the letters M. D. to his name, or who shall prescribe or administer or make known his ability or willingness to prescribe or administer drugs, medicines, electricity, magnetism, hydrotherapy, or perform any operation or manipulation, or apply any apparatus or appliance for the cure, alleviation, correction, or reduction of any human disease, ill, deformity, defect, wound, or injury, including midwifery for hire, fee, compensation, or reward, promised, offered, or accepted, directly or indirectly. The doing of any of the acts of this section above mentioned shall be taken to be prima facie evidence on the part of the person so doing to represent himself or herself as engaged in the practice of medicine or surgery or both. But nothing in this Act shall be so construed as to inhibit service in case of emergency, medical or surgical relief of natives of Alaska by employees of the Bureau of Education, or to the domestic administration of family remedies, nor to legally qualified dentists when engaged exclusively in the practice of dentistry. Nor shall this Act apply to any commissioned medical officer in the United States Army or Marine-Hospital Service or Bureau of Education in the discharge of his professional duties, or to any ship's doctor attached to any vessel plying or operating in Alaska.

Sec. 16. That applications for license to practice medicine within the Territory of Alaska shall be recorded by the clerk of the district court in which they are presented within five days of date of presentation. Said record shall specify under which section of this Act the license be issued, if issued, and the date thereof. The record containing said applications shall be accessible to the public during office hours of the clerk of the court for inspection. A fee of ten dollars shall accompany each application for license.

Sec. 17. That every person who shall practice, or shall attempt to practice medicine within the meaning of this Act without having first obtained a license therefor as prescribed in this Act, shall be deemed guilty of a mindemeanor, and upon conviction thereof shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars, or by imprisonment for not less than thirty nor more than one hundred days, or by both fine and imprisonment, and each day of such practice shall constitute a distinct and separate offense.

Sec. 18. That all moneys collected from licenses or fines under this Act shall be disposed of in the manner already provided for by law applicable to the Territory of Alaska.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R. Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; {, Dentist; R. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 143-189) indicates the college of graduation, and the last number the year in which diploma was granted.

ARIZONA.

CAPITAL, PHOENIX.
Population of State, 204,354.
(U. S. Census, 1910).
Number of Physicians, 260.

Territories within the boundaries of the United States became a thing of the past Wednesday, February 14, 1912. Arizona, the last of the probations which the country has been nuturing was then received into full membership through the signing of an official proclamation by President Taft and at noon George W. P. Hunt became the first governor of the new commonwealth. The admission of Arizona into the sisterhood of States rounds out the Union with forty-eight states.

Arizona extends from 109 degrees to 114 degrees, 47 minutes, 6½ seconds longitude west of Greenwich, and from 31 degrees, 19 minutes, 24 seconds, to 37 degrees north latitude, and is bounded on the north by Utah and Nevada, on the east by New Mexico, on the west by California and Nevada, and on the south by the Republic of Mexico. It comprises an area of 113,916 square miles, or 72,906,240 acres, or nearly three times the size of New York State.

Copper mining is one of the principal industries. Other minerals also are mined. Cattle raising is an important industry and farming is practiced to some extent. In the parts of the State where irrigation has been followed, some marvelous crops have been raised. Irrigation is receiving much attention and the lands which have been considered as deserts are being made to produce great crops.

An ostrich farm is one of the attractions of the State.

Arizona was organized as a territory in 1863. There are thirteen counties. Any one of them is bigger than Rhode Island. One county is bigger than Massachusetts, another is bigger than Connecticut, another is bigger than

Delaware. There are no small counties.

The air is singularly clear, tonic and dry and particularly favorable to catarrhal and pulmonary complaints. Rainfalls occur during the month of June, July, August and September.

MEDICAL LAW OF ARIZONA.

An Act to regulate the practice of medicine.

Be it enacted by the Legislative Assembly of the Territory of Arizona:

Section 1. That it shall be unlawful for any person to practice medicine within the Territory of Arizona until he or she shall have obtained a license therefor, as hereinafter in this act prescribed.

Sec. 2. No person shall receive a license to practice medicine within the Territory unless he or she shall have:

First. Obtain a diploma to practice medicine, or some department thereof, regularly issued by a medical college, lawfully organized under the laws of the state or territory wherein such college shall have been located at the time of the issuance of such diploma; and,

Second. Obtained a certificate entitling him or her to practice medicine, as prescribed in Section 4, Chapter 1, of Title 53, being paragraph 3529 of the Revised Statutes of Arizona, 1901, or shall have passed a satisfactory examination prescribed by the provisions of an Act of the Legislative Assembly of Arizona, entitled, "An Act to Amend an Act to Regulate the Practice of Medicine in the Territory of Arizona," Approved March 18, 1897; or,

Third. Practiced medicine within the Territory of Arizona continuously for five successive years preceding the date fixed for the taking effect of this Act; or,

Fourth. Upon examination by the Board of Medical Examiners of Arizona, shown to the satisfaction of the Board that he or she possesses sufficient knowledge and skill to properly practice medicine; and,

Fifth. Become a bona fide resident of Arizona, and shall have passed the age of twenty-one years and shall have a good moral character.

Sec. 3. There shall be and there is hereby established in Arizona a board to be known as the "Board of Medical Examiners of Arizona." Said Board shall consist of five members, who shall be nominated and, by and with the consent of the Legislative Council, appointed by the Governor. Such members shall, at the time of their appointment, be each a bona fide citizen of the United States, and have been a

BURN=BRAE, A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES.
(See adv. in Philadelphia)

resident of the Territory of Arizona for at least three consecutive years continuously next preceding the time of his appointment; and at the time of his appointment shall be and shall have been for at least three consecutive years theretofore actually engaged in the practice of medicine in the Territory of Arizona. The term of office of said members of said Board shall be for five years, except that of the members first appointed under the provisions of this Act, one of whom shall be appointed for one year, one for two years, one for three years, one for four years and one for five years. Three members of said Board shall be physicians of the regular school of medicine, one of the homeopathic school of medicine and one of the eclectic school of medicine. The Board shall upon its organization, and thereafter once in each year, elect one of its members as president and one of its members as secretary thereof, whose respective terms of office as president and secretary shall be one year. The president shall preside at the meetings of the Board and shall by his signature authenticate all licenses issued under the provisions of this Act. The secretary shall keep the records of the Board, have the custody of its books, papers and seal; shall countersign all licenses issued under the provisions of this Act, and shall act as the treasurer of the Board. Said Board shall make reasonable rules and regulations for the transaction of its business, not inconsistent with law or the purposes and intent of this Act. The Board shall meet in regular session quarter-yearly, at a regularly designated place of meeting, at Phoenix, Arizona, and at such other times as it may from time to time appoint.

Sec. 4. Any person desiring to obtain a license to practice medicine within this Territory shall make application therefor to the Board of Medical Examiners of Arizona. The application shall be in writing and state the name of the applicant. by an Act of the Legislative Assembly of the Territory of Arizona, entitled, "An Act to Amend an Act to Regulate the Practice of Medicine in Arizona," approved March 18, 1897; or, if the applicant shall have practiced medicine within the Territory of Arizona continuously for five successive years next preceding the date fixed for the his age, his residence, the name and location of the college whence his diploma issued, the length of time, if at all, he has practiced medicine, and where, giving specifically the places where he has practiced medicine; and the dates between which he has practiced at each place, and the particular school and department of medicine he practiced; and contain such other information as may be prescribed by the rules and regulations of the Board. Each application for license shall be verified Arizona to administer oaths. The application shall be accompanied by the diploma by the oath of the applicant, taken before some officer authorized by the laws of of the applicant, or by a copy thereof, authenticated to the satisfaction of the Board. The applicant shell also present with his or her application the affidavits of at least three or more residents of the county and state wherein the applicant formerly resided and practiced medicine, stating, within their own knowledge, the name of the applicant, the length of time they have known him or her, his or her residence, the length of time he or she has resided there, and, if applicant shall have practiced medicine in Arizona, the length of time and place or places where he or she has so practiced, and that the applicant is a person of good moral character. If the applicant shall have received a certificate under the provisions of paragraph 3529, Revised Statutes of Arizona, 1901, or shall have passed a satisfactory examination prescribed taking effect of this Act, he or she shall present with his or her application proper and satisfactory evidence thereof; the applicant shall at the time of the presentation of his or her application for a license to practice medicine, pay to the secretary of the Board of Medical Examiners the sum of two ($2) dollars. If it shall appear that the applicant has not obtained the certificate mentioned in Paragraph 3529, Revised Statutes of Arizona, 1901, or passed the satisfactory examination prescribed by the provisions of an Act of the Legislative Assembly of Arizona, entitled, "An Act to Amend an Act to Regulate the Practice of Medicine in Arizona," approved March 18, 1897, and shall not have practiced medicine within this Territory continuously for five years next preceding the date fixed for the taking effect of this Act, then no license shall issue to him or her until he or she shall have, upon examination by the Board, shown to the satisfaction of the Board that the applicant possesses sufficient knowledge and skill to properly practice medicine.

Sec. 5. The examination provided for in the preceding section shall be made by said Board as soon after the application shall have been presented as it may be conveniently done, and after notice to the applicant of the time and place thereof. The examination shall be conducted under such reasonable rules and regulations as the Board may prescribe therefor, and with the design and purpose of ascertaining the fitness of the applicant for the practice of medicine in this Territory.

If the applicant request it he or she shall have the privilege of being examined in the branches of the science and the practice of medicine other than physiology, anatomy, pathology, chemistry, practice, surgery, obstetrics and gynecology, by the member or members of the Board, if there be any, of the particular school of medicine specified in his or her diploma, and if the examination in such other branches be satisfactory to the member or members conducting said examination, it shall be approved by the Board and to the extent thereof be deemed to be to the Board's satisfaction. Before any examination the applicant shall pay to the secretary of the Board, in addition to the fee hereinbefore required, the further fee of ten ($10.00) dollars.

Sec. 6. When it shall be made to appear to the satisfaction of the Board that the applicant possesses the qualifications in this Act prescribed to fit him or her to practice of medicine in this Territory, and that he or she has complied with the provisions of this Act, a license shall thereupon issue to the applicant. The license shall be signed by the president and countersigned by the secretary of the Board, and have impressed upon it the seal adopted by the Board. It shall recite that the person therein named has complied with the provisions of this Act, and that he or she is entitled to practice medicine in the Territory of Arizona, and shall be in such form as the Board may adopt.

Sec. 7. Upon proper proof to the Board of Medical Examiners of Arizona that the holder of any license issued under the provisions of this Act has been guilty, since the issuance thereof, of any grossly immoral or unprofessional conduct, or of any other conduct rendering him or her unfit to practice medicine in this Territory, or has been convicted of any felony, said Board shall, after due notice to such holder and full opportunity to him or her to defend against or refute such charges, revoke and cancel such license, and it shall thereafter be unlawful for such person to practice medicine in this Territory until he or she shall again be licensed thereto under the provisions of this Act.

Sec. 8. The members of the Board of Medical Examiners of Arizona shall receive for their compensation and reimbursement of all expense incurred by the Board or its members in the discharge of the duties imposed by this Act, the fees paid by the applicants for license and compensation, the same to be apportioned and applied by the Board.

Sec. 9. The secretary of the Board shall keep a register of those to whom license to practice shall be issued under the provisions of this Act. Such record shall be kept in a substantially bound book, in which shall be entered in alphabetical order the name of licensees, their place of business, the date of issuance of license, and such other memoranda as the Board may direct. The secretary shall also keep a proper and accurate account of all moneys received and disbursed by him. He shall also properly endorse, file and safely keep all applications for licenses and accompanying papers, and papers used in the examination of applicants for license, and turn over said books and papers to his successor in office.

Sec. 10. Any person shall be regarded as practicing medicine within the meaning of this Act who shall within this Territory (a) by advertisement, or any notice, sign or other indication, or by any statement, printed, written or oral, in public or in private, made, done or procured by himself or herself, or any other, at his or her request, for him or her to claim, announce, make known or pretend his or her ability or willingness to diagnosticate, or prognosticate any human diseases, ills, deformities, defects, wounds or injuries; (b) or who shall so advertise or make known or claim his or her ability or willingness to prescribe or administer any drug, medicine, treatment, method or practice, or to perform any operation, manipulation, or apply any apparatus, or application, for cure, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (c) or who shall within this Territory diagnosticate or prognosticate any human disease, ills, deformities, defects, wounds or injuries, for hire, fee, reward or compensation, promised, offered, expected, received or accepted, directly or indirectly; (d) or who shall within the territory prescribe or administer any drug, medicine, treatment, method or practice, or perform any operation or manipulation, or apply any apparatus or appliance for the cure, alleviation, amelioration, correction, reduction or modification of any human disease, ill, deformity, defect, wound or injury, for hire, fee, compensation or reward, promised, offered, expected, received or accepted, directly or indirectly; (e) or who shall act as the agent of any person, firm or corporation, in the practice of medicine as hereinbefore set forth; (f) except it be in the advertisement or practice of dentistry, midwifery, or pharmacy, or in the usual business of opticians, or of vendors of dental or surgical instruments, apparatus and appliances.

Sec. 11. The provisions of this Act shall not be construed to modify or in any wise to affect the provisions of the laws of this Territory relating to the practice of dentistry.

Sec. 12. Any person or persons violating any of the provisions of this Act, upon conviction thereof, shall be fined in any sum not less than one hundred ($100) dollars nor more than one thousand ($1000) dollars, or by imprisonment in the county jail for a period of not less than three months nor more than one (1) year, or both such fine and imprisonment at the discretion of the courts.

Sec. 13. All laws in conflict or inconsistent with this Act are hereby repealed.

Sec. 14. This Act shall be in force and effect from the date of its approval by the Governor; provided, however, that persons having already complied with previous laws regulating the practice of medicine in the Territory of Arizona shall have until the first day of June, 1903, within which to file their applications for license and procure same, and until such time no penalty shall be imposed upon such lawful practitioners, for a violation of the provisions of this Act.

EUGENE. S. IVES.
President of the Council.
THEODORE T. POWERS,
Speaker of the House.

Approved March 19, 1903.
ALEXANDER O. BRODIE,
Governor.

Rules adopted by the Board of Medical Examiners of Arizona under the laws of 1903.

1. Examinations will be held in Phoenix on the first Monday in January, April, July and October, lasting two days.
2. Examinations will be conducted in writing in the English language.
3. ARKANSAS.

CAPITAL, LITTLE ROCK.

Population of State, 1,574,449.
(U. S. Census, 1910).
Number of Physicians, 1,952.

Arkansas, so called from the Arkansas tribe of Indians, was originally embraced in the territory of Louisiana, and was purchased in 1803 from the French government by Thomas Jefferson. It became a territory March 2, 1819, and was admitted as a state June 15, 1836. It is bounded on the north by Missouri, east by the Mississippi river, south by Louisiana and Texas and west by Texas and the Indian Territory. It lies between north latitude 33 degrees and 36 degrees 30 minutes, and between west longitude 89 degrees 45 minutes and 94 degrees 40 minutes. The greatest length from north to south is 242 miles and from east to west 275 miles. The eastern part of the state, embracing a portion of the Mississippi valley, consists principally of a rich alluvial plain, watered by numerous lagoons. The middle section is intersected by the Ozark mountains, dividing the State into two unequal portions, each possessing distinct climatic features. The principal rivers are the Mississippi, forming the eastern boundary, the Arkansas, the St. Francis, the White, the Ouachita and the Red, making over 1,500 miles of navigable streams. The climate is mild, the mean annual temperature in the northern portion being about 58 degrees, in the central 61 degrees, and in the southern 64 degrees. The northwestern portion is the coldest and the southeastern the hottest. The rainfall varies from 45 inches in the southeast to 40 in the northwest.

The total land surface of Arkansas is, approximately, 53,045 square miles.

Hot Springs, a well-known health resort, is noted for its many mineral springs, varying from 75 to 157 degrees in temperature and having great curative powers in rheumatic and scrofulous diseases. Eureka Springs is also favorably known for the medicinal qualities of its waters. In addition to these there are a number of other mineral springs in the State.

For list of Medical Colleges, see page 151.

MEDICAL LAW OF ARKANSAS.

Laws governing the practice of medicine and surgery in Arkansas.

Section 1. That the medical examiners herein provided for shall consist of three Boards: One of physicians and surgeons recommended by "The Homeopathic Medical Society of Arkansas," one of physicians and surgeons recommended by "The Arkansas State Eclectic Medical Society;" and one of physicians and surgeons recommended by "The Arkansas Medical Society."

There shall be seven (7) members of each Board, appointed so as to have one

member from each Congressional District upon each Board. The appointment shall be made by the Governor from a list of names presented by the respective medical societies.

Sec. 2. That the members first appointed to the Board shall be divided into two (2) classes; the first class to consist of four (4) members appointed for two (2) years; the second class of three (3) members shall be appointed for four (4) years, and thereafter all appointments shall be for four (4) years.

Vacancies in said Boards shall be filled as they occur by appointments from the list furnished as provided. No member shall be appointed for more than two terms in succession; and no member, or professor, or teacher in a medical college or school, or university, having a medical department, shall be appointed upon the Board.

Sec. 3. Within thirty days after their appointment the respective Boards shall meet and organize by electing a President, Secretary and Treasurer of their respective Boards.

"The Treasurer of each of the said Boards shall give bond in such amount as may be designated by the Board conditioned for the faithful disbursement of all moneys coming into his hands as such Treasurer.

"Each of the said Boards shall have a common seal. The President and Secretary shall have power to administer oaths for the purpose of this Act, (and the Boards shall make and adopt all necessary rules, regulations and by-laws not inconsistent with the laws of this State, or of the United States, whereby to perform the duties and to transact the business required under the provisions of this Act.) The members of the Board shall, before entering upon the discharge of their duties, take the oath prescribed by the Constitution of the State for the State officers.

Sec. 4. That said Boards shall hold two regular stated meetings per year, to-wit: The second Tuesdays in May and November, and at such places as a majority may agree upon, consulting the convenience of the Boards and applicants for examination and certificates.

Sec. 5. The Boards shall be styled and known as the 'Homeopathic Medical Board," "The Eclectic State Medical Board" and "The State Medical Board of the Arkansas Medical Society." The Homeopathic State Medical Board shall examine all applicants who have graduated from Homeopathic medical schools; the Eclectic State Medical Board shall examine all applicants who have graduated from Eclectic medical schools and the State Medical Board of the Arkansas Medical Society shall examine all other applicants.

The Boards shall act separately and independently of each other, and whenever this Act refers to and defines the duties of the Board, it shall be construed as referring to their acting separately, as well as independently of each other.

Sec. 6. Every person now practicing medicine in this state shall, within ninety days after the passage of this act, prepare a written statement, giving his name, postoffice address and county; when and where he received authority to practice medicine in this State; where his diploma or certificate is on record; and, if a diploma, from what school or medical college issued; such statement shall be sworn to before some officer authorized to administer oaths, and shall be forwarded to the Secretary of the Board representing his school of medicine.

If it shall appear from such statement that such person was regularly authorized to practice medicine under the then existing laws, the said Board shall register the name of such person in their list of accredited physicians, and issue to such person a certificate that his name has been placed upon such list. If it shall appear from the statement that such person has not been legally authorized to practice medicine, or that his diploma is not from a reputable medical school or college, or, if from any other source of information, it shall appear that the statement is false the Board shall refuse to issue to such person a certificate, and shall notify such person in writing of their refusal and the reason therefor. If such person shall show to the satisfaction of the Board by affidavits or otherwise that he has complied with the laws of this State regulating the practice of medicine, they shall in that event issue to him a certificate. Upon the failure of such person to make the proof required by this section, he shall, before continuing in the practice, make application and stand examination required by the following provisions of this act.

Sec. 7. Any person who shall wilfully and knowingly make any false statement to the Board concerning his authority to practice medicine shall be deemed guilty of perjury and punished, as now provided by law for those found guilty of perjury, and may be indicted and tried for such offense, either in the county where the affidavit to such statement was made, or where such person resides.

Sec. 8. Every person residing in the State, or coming into it, of the age of twenty-one years, who has not heretofore been licensed to practice medicine under the existing laws, making application to register under the provisions of this Act for the purpose of practicing medicine in this State, shall first make application to the Secretary of the Board representing the school of medicine from which he graduated, and his application shall be accompanied by a fee of fifteen dollars, this fee being for examination and registration before the Boards. The applicant shall present to the Board satisfactory evidence of graduation from a reputable medical school, and a school shall be considered reputable within the meaning of this Act whose entrance requirements and courses of instruction are as high as those adopted by the better class of medical schools of the United States. Such examinations may be written or oral, and shall be of a practical character and conducted on the scientific branches only, and shall include anatomy, physiology, medical chemistry, materia medica, thereapeutics, theory and practice of medicine, pathology, bacteriology, surgery, obstetrics, gynecology, and hygiene. All questions and answers, with grades attached, shall be preserved by the Secretary for one year. If, in the opinion of the Board, the applicant possesses the necessary qualifications, the Board shall issue to him a certificate. The Boards may, at their discretion, arrange for reciprocity in license with the authorities of States and Territories having requirements equal to those established by the Boards, and every person desiring license under reciprocity must make application to the Secretary of the Board representing the school of medicine from which he graduated. License may be granted applicants for license under such reciprocity on payment of twenty-five dollars.

The Boards may refuse to grant or may revoke a license for the following causes, to-wit:

(A) Chronic and persistent inebriety.

(B) The practice of criminal abortion, either as principal or abettor.

(C) Conviction of the crime involving moral turpitude.

(D) Publicly advertising special ability to treat or cure chronic and incurable diseases.

(E) The representation to the Board of any license, certificate or diploma which was illegally or fraudulently obtained, or the practice of fraud or deception in passing the examination. In complaints for violating the provisions of this Section, the accused person shall be furnished with a copy of the complaint, and given a hearing before said Board in person, or by attorney, and any person after such refusing or revocation of license, who shall attempt and continue the practice of medicine, shall be subject to the penalties hereinbefore described.

Sec. 9. Every person receiving a certificate from the Board, whether practicing now or hereafter licensed to practice, shall have such certificate recorded in the office of the County Clerk where he is practicing or proposes to practice; and, when such person moves to another county for the purpose of continuing the practice of medicine, he shall file for record with the County Clerk of the county to which he moves, a certified copy of his certificate.

Sec. 10. That to prevent delay and inconvenience any member of the Board applied to, provided that the Board applied to represents the school of medicine from which the applicant graduated, may grant a temporary permit to practice upon the payment of the fee required for applicants, and after a satisfactory examination; such permit shall not continue in force longer than the next regular stated meeting of the Board, and shall not be granted for a longer period than two months in advance of the next regular and stated meeting of the Board.

Sec. 11. Every person who shall practice, or attempt to practice medicine in any of its branches, or who shall perform or attempt to perform any surgical operation for any person, or upon any person within this State, without first having complied with the provisions of this act, shall be deemed guilty of misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than Twenty-five ($25) Dollars, nor more than Five Hundred ($500) Dollars; or by imprisonment in the county jail for a period of not less than ten days, nor more than ninety days; or, by both fine and imprisonment; and each day of such practice shall constitute a separate offense.

Provided, however, that this shall not apply to persons now engaged in the practice of medicine until ninety days after the passage of this act, the time allowed them for procuring their certificate.

Sec. 12. Any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of disease or injury, or, who may, by writing, print or other methods, profess to cure or treat diseases or deformity by any drug, nostrum, manipulation, or other expedient, in this State, shall be deemed to be in violation of this law and punished as provided. This does not apply to persons who obtain certificates as herein provided.

Sec. 13. Any person shall be regarded as practicing medicine, in any of its departments, within the meaning of this act, who shall append M. D. or M. B. to his name; or, repeatedly prescribe or direct for the use of any person or persons, any drug or medicine or other agency for the treatment, cure, relief of any bodily injury, deformity or disease.

Provided, That nothing in this act shall be construed as to prevent any person from administering domestic remedies without receiving any compensation therefor, and nothing herein shall apply to the so-called midwives.

Sec. 14. The Secretary of the Board shall provide the Board with blank books, certificates, and such stationery as is necessary for the transaction of the business pertaining to their duties. All money received by the Board shall be disbursed by the Treasurer upon the warrant of the Secretary countersigned by the President of the Board.

The members of the Board shall receive as a compensation for their services the sum of Ten ($10) Dollars per day for every day actually engaged in the discharge of their duties under this act, and the Secretaries shall receive such additional salary as may be fixed and agreed upon by the Boards.

The members of the Board shall pay their own traveling expenses and hotel bills. The members of the Board shall look to and be dependent entirely upon the fees provided herein for their compensation, and all other expenses in connection with their duties.

It shall not be lawful for the said Boards or any members thereof, in any manner whatever, or for any purpose, to charge or obligate the State for the paying of any money whatever. If, after paying all legitimate obligations of the Board, for stamps, printing, salary of Secretary, etc., there should not be sufficient sums on hand to pay each member his per diem in full, the amount shall be prorated, but, if at the end of the year, there should be a greater revenue than sufficient to meet all obligations, such surplus shall remain in the Treasury to be used in expenditures of the Boards during the succeeding year.

Sec. 15. The Boards shall annually file with the Governor a report of their transactions during the year, giving the names of all to whom they have granted certificates during the year, naming the system of medicine practiced by each, and shall in such report show the amount of money received; and from what source, the amount expended, and for what purpose, and shall embody in their report any other matters or facts deemed expedient, and make such recommendations for the improvement of the practice of medicine in this State as may be deemed advisable.

If the Boards shall have sufficient funds on hand to pay for same, they shall have said reports printed in pamphlet form and furnish each physician in this State with a copy thereof.

Sec. 16. That all laws and parts of laws contrary to and in conflict with any of the provisions of this Act be, and the same are hereby repealed, and this Act shall take effect and be in force in ninety days after passage.

THE GANT LAW.

Section 1. That any physician, surgeon, or person engaged in the practice of medicine in the state, for the purpose of procuring patients, employ any solicitor, capper or drummer, or shall subsidize or employ any hotel or boarding house, or advertise his business or remedies by untruthful or improbable statements made in his advertisements, circulars or cards, or who shall obtain any fee or compensation from any one by any assurance or promise that a manifestly incurable disease is curable, or who shall wilfully betray or expose any professional secret learned by him from his patient or patron, to the detriment of such patient or patron, or who shall become a habitual drunkard and continue the practice of medicine or surgery while such habitual drunkard, or administer any medicine or perform any operation while drunk, shall be deemed guilty of a misdemeanor, and on conviction be punished by a fine not less than twenty-five dollars (25) and not more than two hundred dollars school or system commonly known and designated as the regular or allopathic, ($200), and by a revocation of his license to practice medicine and surgery, which such revocation shall be adjudged and prounounced by the same court in which he is tried and convicted, and at the same time.

Sec. 2. That whenever any physician and surgeon, or person engaged in the practice of medicine or surgery in this State, shall be convicted of any crime and misdemeanor, involving moral turpitude, in addition to the other penalty or penalties imposed upon him, shall be added a revocation of his license to practice medicine and surgery.

Sec. 3. That if any physician or surgeon or other person engaged in the practice of medicine shall commit the crime of abortion, or aid or abet in the commission thereof; provided, this section shall not apply to any abortion produced by any regular practicing physician, for the purpose of saving the mother's life, he shall be adjudged guilty of a felony and punished by imprisonment in the State penitentiary for a period of not less than one year nor more than five years and his license to practice shall be revoked.

Sec. 4. That any physician or surgeon or person whose license to practice shall, on conviction under the provisions of this act, have his license revoked, may appeal from the judgment of conviction, but shall not, pending the appeal, be permitted to practice either medicine or surgery, and that if he does so practice, or attempts or offers to so practice, pending the appeal, he shall be punished in the same manner and to the same extent as if he had never had any license to practice.

Sec. 5. That after the expiration of one year from the date of revocation of the license of any physician and surgeon, under this act, he may appeal to the proper medical board for a new license, and may be re-licensed, if he shall satisfy the board that he is qualified, has reformed and is worthy.

Sec. 6. That all laws and parts of laws in conflict herewith are hereby repealed, and this act shall take effect and be in force from and after its passage.

THE INSTITUTE OF MECHANICAL ORTHOPAEDICS.

401-407 Pacific Electric Bldg.

LOS ANGELES, = = CALIFORNIA

This institution, now in its sixth successful year, was organized for the exploitation of the Haas' Method in the physical and mechanical correction of deformities. The results we have obtained not only in strictly orthopedic work, but in other pathological conditions of the spine and cord, have proved the scientific accuracy and the practical value of our work.

This Institution is the only one in the United States to report any successful results in anterior poliomyelitis.

Correspondence regarding our work, methods or results will be cheerfully and promptly answered.

GUSTAVE W. HAAS
President.

EDWIN HERBERT RUSSELL, M. D.
Physician in Charge.

CAPITAL, SACRAMENTO

Population of State, 2,377,549.
(U. S. Census, 1910.)
Number of Physicians, 4,425.

California, the second largest state in the Union, was ceded to the United States by the treaty of peace which terminated the war with Mexico in 1848, and was admitted as a state in 1850. It extends from 32 degrees 34 minutes to 42 degrees N. latitude, and from 114 degrees 8 minutes to 124 degrees 24 minutes W. longitude, and is bounded on the north by Oregon, on the east by Nevada and Arizona, on the south by Mexico, and on the west by the Pacific ocean. It comprises an area of 188,981 square miles, or 120,947,840 acres. It has but two large rivers, the Sacramento and San Joaquin, which traverse the Great Central Valley in opposite directions and empty into Suisun Bay, and the Klamath and Salinas and numerous smaller streams drain the state. The climate of California varies considerably in different portions, the mean annual temperature in the north being below 50 degrees F., while in the southeastern portion it exceeds 70 degrees F. The mean annual temperature of San Francisco for a period of eleven years was 55.23, and at Fort Yuma for a corresponding period, 74.77. In San Francisco rain falls freely during November and December, and the hottest months are September, October, August and July, in the order named.

The interior of the state, not being influenced by the sea, has a continental climate, and the greater the distance from the ocean the colder the nights and the warmer the days. The average annual rainfall increases from S. to N., and in the Sierra Nevada with the altitude; in Fort Puma it is but 4 inches; in San Diego, 9.16; in Sacramento, 19.56; in San Francisco, 21.69; and in the Sierra, at an altitude of 5,000 feet, 45 inches and more.

The state has as valuable mineral springs as can be found anywhere, rivaling the famous spas of Europe. Dr. Winslow Anderson, in his work "Mineral Springs and Health Resorts of California," says:

"In California we have over two hundred cold and hot mineral springs, ranging from the cool, delicious, effervescent soda and sparkling vichy to the ferruginous, saline, alkaline and sulphurous wells, ever ready and overflowing, to be utilized for the healing of the 'many ills to which the flesh is heir.'

"When our California springs become more generally known, and their similarity to the famous European spas is better understood, our invalids may not find it necessary to undertake the long, tedious, expensive, and in many instances hazardous journey, when they can find right here in California, at their very doors, as it were, almost the identical waters, with all the conveniences and luxurious accommodations found abroad, and with the additions of a variety of food products and a pure, dry and balmy atmosphere, and an invigorating and stimulating climate unequaled in any other country in the world."

LAW REGULATING THE PRACTICE OF MEDICINE IN THE STATE OF CALIFORNIA.

CHAPTER 212.

An act for the regulation of the practice of medicine and surgery, osteopathy, and other systems or modes of treating the sick and afflicted, in the State of California, and for the appointment of a board of medical examiners in the matter of said regulation.

(Approved March 14, 1907. Stat. 1907, p. 252.)

Amended March 19, 1909; Stat. 1909, p. 418.
Amended May 1, 1911, Chap. 745; in effect immediately; Stat. 1911, p. 1449.
Amended May 1, 1911, Chap. 740; in effect July 1, 1911; Stat. 1911, p. 1437.

Section 1. The governor shall appoint a board of medical examiners to be known as the board of medical examiners of the State of California, consisting of eleven

members. Such appointments shall be made as follows: Five members from the school or system commonly known and designated as the regular or allopathic, two members from the homeopathic school or system, two members from the eclectic school or system and two members from the osteopathic school or system. Said members of the medical profession at the time of such appointment shall have been residents of the State of California, and citizens of the United States, and practicing the principles of medicine in accordance with the system or school from which they are appointed, for at least five years next preceding their appointment. All vacancies shall be filled by appointment from the school or system in which the vacancy occurs. The appointment of each member shall be for a term of two years, and until his successor is appointed and qualified; provided, however, that no professor, instructor, or other person in any manner connected with or financially interested in any college or school of medicine, or surgery, or osteopathy, shall be appointed a member of said board. It shall require the affirmative vote of seven members of said board to carry any motion or resolution, to adopt any rule to pass any measure, or to authorize the issuance of any certificate as in this act provided. Provided further, the governor of the State of California shall have, at all times, the power to remove from office any member of the board for continual neglect of duty required by this act, or for incompetency, or unprofessional or dishonorable conduct. (Amendment May 1, 1911, Chap. 745.)

Sec. 2. Each member of said board, shall, before entering upon the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine and surgery or osteopathy and a licensed practitioner of medicine and surgery, or of osteopathy, of this State.

Sec. 3. Said board shall be organized on or before the first Tuesday of May, 1907, by electing from its number a president, vice-president, secretary and treasurer, who shall hold their respective positions during the pleasure of said board. Said board shall hold its regular meetings in the city and county of San Francisco on the first Tuesday of April, August and December of each year, with power of adjournment from time to time until its business is concluded; provided, however, that examinations of applicants for certificates may, in the discretion of the board, be conducted in any part of the State designated by the board. Notice of each regular meeting of the board shall be given by publication twice a week for each of the two weeks next preceding each meeting, in two daily papers published in the city of San Francisco, in one daily paper published in the city of Sacramento, and one daily paper published in the city of Los Angeles, which notice shall also specify the time and place of holding the examination of applicants. Special meetings of the board may be held at such time and place as the board may designate, and the same notice thereof shall be given as in case of regular meetings. Said board shall receive through its secretary applications for the certificates provided to be issued by this act, and shall on or before the first day of January of each year transmit to the Governor a full report of all its proceedings, together with a report of its receipts and disbursements.

Sec. 4. The office of said board shall be in the city and county of San Francisco, and in all legal proceedings against the board the said city and county shall be deemed to be the residence of the members thereof.

Sec. 5. Said board may from time to time adopt such rules as may be necessary to enable it to carry into effect the provisions of this act. Any member of said board may administer oaths in all matters pertaining to the duties of said board, and the board shall have authority to take evidence in any manner cognizable by it.

Sec. 6. Three forms of certificate shall be issued by said board under the seal thereof and signed by the president and the secretary: First, a certificate authorizing the holder thereof to practice medicine and surgery; second, a certificate authorizing the holder thereof to practice osteopathy; third, a certificate authorizing the holder thereof to practice any other system or mode of treating the sick or afflicted not referred to in this section.

In order to procure a certificate to practice medicine and surgery, the applicant for such certificate must file with said board at least two weeks prior to a regular meeting thereof, satisfactory testimonials of good moral character, and a diploma issued by some legally chartered medical school, the requirements of which shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year, or satisfactory evidence of having possessed such diploma, and he must also file with said diploma an application sworn to before some person authorized to administer oaths, and attested by the hand and seal of such officer, if he have a seal, stating that he is the person named in said diploma, that he is the lawful holder thereof, and that the same was procured in the regular course of instruction and examination, without fraud or misrepresentation. The said application shall be made upon a blank furnished by said board, and it shall contain such information concerning the medical instruction and the preliminary education of the applicant as said board may by rule provide. Applicants who have failed to meet the above requirements must be rejected.

Applicants for a certificate to practice osteopathy shall be subject to the above regulations, except that in place of the diploma hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of osteopathy, having a course of instruction of at least twenty months, requiring actual attendance, and after 1908, of three years of nine months each, and including the studies examined upon under this act. Applicants for a certificate to practice any other system or mode of treatment not in this act referred to, shall be subject to the above regulations, except that in place of the diplomas hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of the system or mode of treatment which the applicant claims or intends to follow. Provided, however, that the state board of medical examiners may issue a certificate, to any person who has practiced a special branch of medicine and surgery, at the time this act goes into effect, for a period of not less than thirty-five years, fifteen years of which time shall have been within the State of California; an applicant to practice a special branch of medicine and surgery must file an affidavit with the board of medical examiners, sworn to before some person authorized to take and administer an oath

and attested by the hand and seal of such person, stating that he has successfully and effectively practiced the special branch of medicine and surgery for the term of years hereinbefore mentioned; and such applicant to practice a special branch of medicine and surgery, shall not be required to file a diploma, as hereinbefore referred to, but such applicant may be required to take an examination, which shall be practical in character and shall consist of a practical demonstration in the special branch of medicine and surgery set forth in the affidavit of such applicant; and such practical demonstration shall be for the purpose of ascertaining an applicant's fitness to practice the special branch of medicine and surgery set forth in the affidavit of the applicant; and in addition thereto, such applicant may be required to produce testimony to the effect that he has successfully and effectively practiced the special branch of medicine and surgery as set forth in the affidavit hereinabove referred to; and if after such practical demonstration an applicant shall qualify, by effecting a cure, the state board of medical examiners shall issue a certificate to such applicant to practice the special branch of medicine and surgery set forth in the affidavit of such applicant.

In addition to the requirements above set forth, except as otherwise stated all applicants for a certificate must be personally examined by said board as to their qualifications. The examination shall be conducted in the English language, shall be practical in character and designed to discover the applicant' fitness to practice his profession, and shall be, in whole or in part, in writing on the following fundamental subjects, to-wit: Anatomy, histology, gynecology, pathology, bacteriology, chemistry and toxicology, physiology, obstetrics, general diagnosis, hygiene. Examinations in each subject shall consist of not less than ten questions, answers to which shall be marked upon a scale of zero to ten. But all applicants must obtain not less than a general average of seventy-five per cent, and not less than sixty per cent in any one subject; provided, that applicants who can show at least ten years of reputable practice shall be granted a credit of five per cent. upon the general average, and five per cent. additional for each subsequent ten years of such practice. Provided further, that any applicant obtaining seventy-five per cent. each, in seven subjects, shall be subsequently re-examined in those subjects only in which he failed, and without additional fee.

The examination papers shall form a part of the records of the board, and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until after the board has finally voted upon the application. The secretary of the board shall in no instance participate as an examiner in any examination held by the board. (Amendment, May 1, 1911, Chap. 740.)

Sec. 7. Each applicant on making application shall pay to the secretary of the board a fee of twenty-five (25) dollars, which shall be paid to the treasurer of the board by said secretary. In case the applicant's credentials are insufficient, or in case he does not desire to take the examination, the sum of ten (10) dollars will be retained, the remainder of the fee being returnable on application.

Sec. 8. Said board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, with the result of each application. Said record shall be evidence of all proceedings of said board which are set out therein.

Sec. 9. Every person holding a certificate authorizing him to practice medicine and surgery or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, must have it recorded in the office of the County Clerk of the county in which the holder of said certificate is practicing his profession, and the fact of such recording shall be endorsed on the certificate by the County Clerk recording the same. Every such person, on each change of residence, must have his certificate recorded in the county to which he shall have changed his residence. The absence of such record shall be prima facie evidence of the want of possession of such certificate. And any person holding a certificate who shall practice medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, or to attempt to practice medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, without first having filed his certificate with the County Clerk as herein provided, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars or by imprisonment for a period of not less than thirty days nor more than sixty days, or by both such fine and imprisonment.

Sec. 10. The County Clerk shall keep in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of record; and said book shall be open to public inspection during his office hours.

Sec. 11. Said board must refuse a certificate to any applicant guilty of unprofessional conduct; but before such refusal the applicant must be cited by citation, signed by the secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the secretary of the board, charging the applicant with having been guilty of unprofessional conduct, and setting forth the particular acts constituting such unprofessional conduct. On the filing of such complaint the secretary must forthwith issue a citation and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant of the time and place, when and where the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation, or default will be taken against him, and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoenas issued by the secretary of the board, under its seal; and said secretary shall in no case refuse to issue any such subpoena, upon a fee of twenty cents being paid him for each subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of this State then in force as to the service of citations and subpoenas generally, and all provisions of the statutes of this State then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuses to obey a subpoena served upon him in accordance with the statutes of this State then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the secretary of said board, under the seal thereof, to the superior court of the county in which the service was had, and said court shall thereupon proceed to hear said matter in accordance with the statutes of this State then in force as to contempts for disobedience of process of the court; and should said court find that the subponea has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this State then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer under oath, to the charges made against him, within twenty days after service on him of said citation, or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, to that end hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application. Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and the said unprofessional conduct has been brought to the attention of the board granting said certificate, in the manner hereinafter pointed out, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not be permitted to practice medicine or surgery, or osteopathy, or any other system or mode of treating the sick or afflicted, in this State. But no such revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of revocation shall enter on his register the fact of such revocation and shall certify the fact of such revocation under the seal of the board, to the County Clerk of the counties in which the certificate of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "This certificate was revoked on the ———— day of ————," giving the day, month and year of such revocation in accordance with said certification to him by said secretary. The record of such revocation so made by said County Clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said revocation. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing medicine or surgery, osteopathy, or any other system or mode of treating the sick or afflicted, in this State.

The words "unprofessional conduct," is used in this act, are hereby declared to mean:

First—The procuring, or aiding or abetting in procuring a criminal abortion.

Second—The wilfully betraying a professional secret.

Third—All advertising of medical business which is intended or has a tendency to deceive the public or impose upon credulous or ignorant persons, and so be harmful or injurious to public morals or safety.

Fourth—All advertising of any medicine or of any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed.

Fifth—Conviction of any offense involving moral turpitude, in which case the record of such conviction shall be conclusive evidence.

Sixth—Habitual intemperance.

Seventh—The personation of another licensed practitioner of a like or different name.

Sec. 12. Said board shall have the power to employ legal counsel and clerical assistance and to fix the salaries of the same and to incur such other expenses as may be deemed necessary to carry into effect the provisions of this act. It shall also fix the salary of the secretary, not to exceed the sum of twelve hundred dollars ($1200) per annum, and the sum to be paid to other members of said board, not to exceed ten ($10) dollars per diem each, for each and every day of actual service in the discharge of official duties; and said board may, in its discretion, add to said sums necessary traveling expenses. All money in excess of the actual expenses of the board shall be paid annually into the State Treasury.

Sec. 13. Any person who shall practice or attempt to practice or advertise or hold himself out as practicing medicine or surgery, osteopathy, or any other system or mode of treating the sick or afflicted in this State, without having, at the time of so doing, a valid, unrevoked certificate, as provided in this act, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than one hundred ($100) dollars, nor more than five hundred ($500) dollars, or by imprisonment for a term of not less than sixty (60) days, nor more than one hundred and eighty (180) days, or by both such fine and imprisonment. In each such conviction, the fine shall be paid, when collected, to the State Treasurer, and shall constitute a special fund for the prosecution of illegal practitioners as defined in this act, the said fund to be paid to the said board upon warrants drawn therefor by its secretary, and the said board is authorized to prosecute all persons guilty of a violation of the provisions of this section.

Sec. 13a. Any person, company or association shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by imprisonment in the county jail not less than ten (10) days nor more than one (1) year, or by a fine of not less than one hundred (100) dollars, nor more than one thousand (1000) dollars, or by both such fine and imprisonment, who (1) shall sell or barter or offer to sell or barter any medical or osteopathic degree or any certificate or transcript, made or purporting to be made, pursuant to any laws regulating the license and registration of physicians, osteopathic physicians or persons lawfully engaged in practicing any other system or mode of treating the sick or afflicted; or, (2) shall purchase or procure by barter, any such diploma, certificate or transcript, with intent that the same shall be used as evidence of the holder's qualification to practice medicine, surgery, osteopathy, or any other system or mode of treating the sick or afflicted, or in fraud of the laws regulating such practice; or, (3) shall with fraudulent intent, alter in a material regard any such diploma, certificate or transcript; or (4) shall use or attempt to use any such diploma, certificate or transcript, which has been purchased, fraudulently issued, counterfeited or materially altered, either as a certificate, or color of certificate, to practice medicine, surgery, osteopathy, or any other system or mode of treating the sick or afflicted; or, (5) shall practice medicine, surgery, osteopathy, or any other system or mode of treating the sick or afflicted under a false or assumed name, or under any name other than that inscribed by the board of medical examiners of the State of California, in its certificate issued to such person entitling, or which is claimed to entitle, such person to practice medicine, surgery, osteopathy, or any other system or mode of treating the sick or afflicted; or, (6) shall assume the degree of "doctor of medicine," or shall append the letters "M. D." to his or her name not having duly conferred upon him or her, by diploma from a recognized medical college or school legally empowered to confer the same, the right to assume sich title; or shall assume any title, or append any letters to his or her name, with the intent to represent falsely that he or she has received a degree, or a certificate to practice medicine, surgery, osteopathy, or any other system or mode of treating the sick or afflicted; or, (7) shall in an affidavit, required of an applicant for examination, license, or registration, under this act, wilfully make a false statement in a material regard; or, (8) shall engage in the practice of medicine, surgery, osteopathy, or any other system or mode of treating the sick or afflicted without causing to be displayed in a conspicuous manner and in a conspicuous place in her or his office the name of each and every person employed in the practice of medicine, surgery, osteopathy, or any other system or mode of treating the sick or afflicted therein; or, (9) shall within ten days after demand made by the secretary of the board, fail to furnish to said board the name and address of all person, company or association, at any time within sixty (60) days prior to said any other system or mode of treating the sick or afflicted, in the office of said person, company or assiciation, at any time within sixty (60) days prior to said notice, together with a sworn statement showing under and by what license or authority said person or persons, or said employee, or employees, is or are, or has or have been practicing medicine or surgery, osteopathy or any other system or mode of treating the sick or afflicted, but such affidavit shall not be used as evidence against such person or employee in any proceeding under this section; or, (10) is practicing medicine, surgery, osteopathy, or any other system or mode of treating the sick or afflicted in this State without a certificate from the Board of Medical Examiners of the State of California, or whose certificate has been revoked or suspended by said board; or, (11) shall in any sign displayed by him or her, or in any advertisement published in any newspaper by him or her, use the word "doctor" as indicated or implying that he is a doctor of medicine either before or after his or her name, or shall append the letters "M.D." to his or her name in any such sign, or in any such advertisement, without having at the time of so doing, a valid, unrevoked certificate, as provided in this act. Nothing, however, in this section shall be construed as repealing or in any manner affecting section 17 of an act entitled "An act for the regulation of the practice of medicine and surgery, osteopathy and other systems or modes of treating the sick or afflicted in the State of California, and for the appointment of a Board of Medical Examiners in the matter of said regulation," approved March 14th, 1907, as amended by a certain act approved March 19th, 1909. (Amendment, May 1, 1911. Chap. 740.)

Any surgeon honorably discharged from the medical department of the U. S. army or navy, regular or volunteers, is herewith authorized to practice medicine and surgery in the State of California, by filing a sworn copy of his discharge with the State Board of Medical Examiners and paying said board a fee of fifty dollars ($50.00). (Amendment, May, 1, 1911, Chap. 740.)

Sec. 14. Every person fiying for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in such certificate, or falsely claiming himself to be the person entitled to the same, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such penalties as are provided by the laws of this State for the crime of forgery.

Sec. 15. Any person assuming to act as a member of the State Board of Medical Examiners without so being, or who shall sign, or subscribe, or issue, or cause to be issued, or seal, or causes to be sealed, a certificate authorizing any person to practice medicine or surgery, or osteopathy, or any other system or mode of treating the sick or afflicted, in this State, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or by imprisonment for a term of not less than sixty nor more than one hundred and eighty days, or by both such fine and imprisonment.

Sec. 16. Any person who holds a certificate from the Board of Medical Examiners created by "An act for the regulation of the practice of medicine and surgery, in the State of California, and for the appointment of a Board of Medical Examiners in the matter of such regulation," which took effect August the first, nineteen hundred and one, or from one of the boards of examiners heretofore existing, under the provisions of "An act to regulate the practice of medicine in the State of California," approved April third, eighteen hundred and seventy-six, or an act supplemental and amendatory to said act, which became a law April first, eighteen hundred and seventy-eight, shall be entitled to practice medicine and surgery in this State, the same as if it had been issued under this act; any person who holds a certificate from the Board of Osteopathic Examiners of the State of California, under the provisions of "An act to regulate the practice of osteopathy in the State of California, and to provide for a State Board of Osteopathic Examiners, and to license osteopaths to practice in this State, and to punish persons violating the provisions of this act," which became a law under the constitutional provisions, without the Governor's approval, March ninth, nineteen hundred and one, shall be entitled to practice osteopathy in this State, the same as if it had been issued under this act. Any person who holds an unrevoked certificate issued by the Board of Examiners of the Association of Naturopaths of California, incorporated under the laws of the State of California August eighth, nineteen hundred and four, and who shall be practicing naturopathy prior to the passage of this act, shall be entitled to practice naturopathy in this State, the same as if it had been issued under this act. The Board of Medical Examiners shall endorse said certificate at their first meeting after this act becomes a law, or at any subsequent meeting of the board, but not later than six months after the passage of this act, by signature of its president and secretary and affixing its official seal. Provided, however, that the holder of

such certificate has signed his or her name on the back of said certificate and the president and secretary of the Association of Naturopaths of California have certified over their respective signatures that the holder of said certificate is the rightful owner of the same. But all certificates herein mentioned may be revoked for any unprofessional conduct, in the same manner and upon the same grounds as if they had been issued under this act. (Amendment, March 19, 1909.)

Sec. 17. Nothing in this act shall be so construed as to inhibit service in the case of emergency, or to the domestic administration of family remedies; nor shall this act apply to any commissioned medical officer in the United States army, navy or marine hospital service, in the discharge of his official duties; nor to any licensed dentist when engaged exclusively in the practice of dentistry. Nor shall this act apply to any practitioner from another State or Territory, when in actual consultation with a licensed practitioner of this State, if such practitioner is, at the time of such consultation, a licensed practitioner in the State or Territory in which he resides; provided, that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this State. Nor shall this act be construed so as to discriminate against any particular school of medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, or to interfere in any way with the practice of religion; provided, that nothing herein shall be held to apply or to regulate any kind of treatment by prayer.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R. Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; {, Dentist; R. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 143-189) indicates the college of graduation, and the last number the year in which diploma was granted.

A Strictly Ethical Sanitarium for Classical, Neurological and Psychological Practice, including Inebriety. Special attention to Dr Burnett's Preferred Treatment of Morphinism as published. 3100 Euclid Avenue Kansas City, Mo.

McDOWELL PRIVATE SANITARIUM

The ideal place for health and rest. Its location is sanitary and exceptionally attractive. Admirably adapted for sanitarium purposes. Sunny rooms. Beautiful marine view from glass-covered sun porches. The table and tray service are supplied with the very best that the market affords; the cooking cannot be surpassed.

All the comforts and conveniences of an elegant home. Conducted without the usual hospital aspect. Male and female nurses.

Rates (which include baths and massage) range from fifteen to forty dollars per week.

COLORADO.

CAPITAL, DENVER.

Population of State, 799,024.
(U. S. Census, 1910.)
Number of Physicians, 1,593.

Colorado was organized as a territory February 28, 1861, and admitted as a state August 1, 1876. The total land surface of Colorado is, approximately, 103,645 square miles.

It extends from 37 degrees to 41½ degrees north latitude and from 102 degrees to 109 degrees west longitude, and is bounded on the north by Wyoming and Nebraska, on the east by Nebraska and Kansas, on the south by New Mexico and the Indian Territory, and on the west by Utah. It is the third largest state in the Union, ranking after Texas and California, and comprising an area of 104,500 square miles, or 66,860,000 acres. The main range of the Rocky Mountains runs through the center of the state and forms the "Continental Divide." From one side the streams flow into the Gulf of Mexico, and from the other into the Pacific ocean.

The principal rivers are the South Platte and Arkansas, and these with their tributaries suffice to irrigate all the farms lands in the great agricultural counties of the state.

The climate resembles that of the Eastern states in the same latitude, except that the air is much drier and the range of temperature between the extremes much smaller. Rain falls almost exclusively from May to July, the other months are dry. Frost appears about the middle of September and continues until the opening of spring, which generally occurs a month earlier than in the East.

THE COLORADO MEDICAL LAW.

An Act to protect the public health and regulate the practice of medicine in the State of Colorado. Approved April 20th, 1905.

Section 1. A board is hereby established to be known by the name and style of the State Board of Medical Examiners. Said board shall be composed of nine practicing physicians of integrity and ability, who shall be residents of, and have been duly licensed to practice medicine in this State, and who shall have been graduated from medical schools of high educational requirements and standing, and have been engaged in the active practice of their profession within this State for a period of at least five years. Said board shall perform such duties, and possess and exercise such powers, relative to the protection of the public health and the control and regulation of the practice of medicine in this State as shall be in this act prescribed and conferred upon it.

Sec. 2. The Governor shall appoint nine physicians, who shall possess the qualifications specified in section 1 of this act, to constitute the members of said board. Said members shall be so classified by the Governor that the term of office of three shall expire in two, three in four and three in six years from the date of appointment. Biennially thereafter the Governor shall appoint three members, who shall possess the qualifications as specified in section 1 of this act, each to serve for the term of six years, and he shall fill vacancies in the membership of said board as soon as practicable.

Sec. 3. Said board shall, biennially, elect a president, a vice-president and a secretary-treasurer from their membership, and adopt a seal, which shall be affixed to all licenses issued by them. They shall, from time to time, adopt such rules and regulations as they may deem necessary for the performance of their duties, and a schedule of minimum educational requirements, which shall be without prejudice, partiality or discrimination as to schools or systems of practice of medicine. When an applicant for a license offers to the board satisfactory proof that he has complied with such educational requirements as are specified in said schedule, the board shall accept such proof as sufficient evidence of the educational qualifications of the applicant to entitle him to a license without examination; Provided, however, that at no time shall said schedule for graduates after January 1, 1900, specify the attendance upon less than four full courses of instruction in four separate years in a reputable medical school. They shall keep on file with the Secretary of State, for public inspection, a copy of their schedule of educational requirements and rules and regulations.

Sec. 4. Any person wishing to obtain the right to practice medicine in this State, who has not heretofore been licensed so to do, shall, before it shall be lawful for him to practice medicine in this State, make application to said State Board of Medical Examiners, through the secretary-treasurer thereof, upon such form and in such manner, as shall be adopted and prescribed by the board, and obtain from the board a license so to do. Unless such person shall have obtained a license as aforesaid it shall be unlawful for him to practice medicine in this State; and if he shall practice medicine in this State without first having obtained such a license he shall be deemed to have violated the provisions of this act. All applicants for a license to practice medicine or for a renewal of any such license which has been revoked, shall furnish the board with satisfactory evidence of good moral character.

Sec. 5. Said board shall have authority to administer oaths, to summon witnesses and to take testimony in all matters relating to their duties. Said board shall issue licenses to practice medicine to all persons who shall furnish satisfactory evidence of attainments and qualifications under the provisions of this act and the rules and regulations of the board. Such licenses shall be signed by the president and attested by the secretary-treasurer of the board under its adopted seal, and they shall be absolute authority to the persons to whom they are issued to practice medicine in this State. It shall be the duty of the secretary-treasurer under the direction of the board, personally or by deputy, to aid the several district attorneys of the State in the enforcement of this act and in the prosecution of all persons charged with violating any of its provisions.

Sec. 6. There shall be paid to the secretary-treasurer of the State Board of Medical Examiners by each applicant for a license a fee of twenty-five dollars ($25.00), which shall accompany the application. Two-fifths of the fee shall be returned to the applicant in case the board shall refuse to grant him a license.

Sec. 7. Examinations of applicants for license to practice medicine shall be made by said State Board of Medical Examiners according to the methods deemed by it to be the most practicable and expeditious to test the applicant's qualifications. Such applicant will be designated by a number instead of his name, so that his identity will not be disclosed to the members of the board, until after the examination papers are graded. The subjects of written, oral or clinical examinations shall be as follows: Anatomy, physiology, chemistry, symptomatology, toxicology, pathology, surgery and obstetrics (exclusive of materia medica and therapeutics). The credentials of applicants relating to their general reputation, their preliminary education and the courses of study they have pursued; the degrees they have received; the number of years they have been engaged in the lawful practice of medicine; their experience in general hospitals, medical departments of the army, navy and public health and marine hospital service; licenses granted to them by other states and countries; and their experience as teachers of medicine, shall be given due consideration by the board in conducting its examinations. Upon investigation of an applicant's credentials the board shall, when convinced that an applicant is qualified to practice medicine, grant him a license thereon without further examination. Each applicant shall name his system of practice and no person shall use the name of any system unless he holds a certificate from the State association of such system.

Sec. 8. Every person who shall receive a license from the State Board of Medical Examiners shall have it recorded in the office of the Recorder of Deeds of the county in which he resides, and shall likewise have it recorded in the counties to which he shall subsequently remove for the purpose of practicing medicine. The failure on the part of the holder of a license to have it recorded, before he shall begin the practice of medicine in this State, shall render it null and void.

Sec. 9. The Recorder of Deeds of each county in this State shall keep for public inspection, in a book provided for that purpose, a complete list and description of the licenses recorded by him. When any such license shall be presented to him for record he shall stamp or write upon the face thereof his signed memorandum of the date when such license was presented for record.

Sec. 10. The State Board of Medical Examiners may refuse to grant, or may revoke, a license to practice medicine in this State, or may cause a licentiate's name to be removed from the record in the office of any Recorder of Deeds in the State upon any of the following grounds, to wit: The employment of fraud or deception in applying for a license, or in passing the examination provided for in this act; the practice of medicine under a false or assumed name, or the personation of another practitioner of a like or different name; the conviction of a crime involving moral turptitude; habitual intemperance in the use of ardent spirits, narcotics or stimulants to such an extent as to incapacitate for performance of professional duties; the procuring or aiding or abetting in procuring a criminal abortion; the obtaining of a fee on the representation that a manifestly incurable disease can be permanently cured; causing the publication and circulation of an advertisement of any medicine or means whereby the monthly periods of women can be regulated, or the menses, if suppressed, can be re-established; causing the publication and circulation of an advertisement relative to any disease of the sexual organs. Any person, who is a licentiate, or who is an applicant for a license to practice medicine, against whom any of the foregoing grounds for revoking, or refusing to grant, a license is presented to said board with a view of having the board revoke, or refuse to grant, a license, shall be furnished with a copy of the complaint, and shall have a hearing before said board in person or by attorney, and witnesses may be examined by said board respecting the guilt or innocence of said accused. Said board may at any time within two years from the refusal or revocation of a license or cancellation of registration under this section, by a majority vote, issue a new license, or grant a license, to the person affected, restoring, or conferring, all the rights and privileges of, and pertaining to the practice of medicine as defined and regulated by this act. Any person to whom such rights and privileges have been so restored shall pay to the secretary-treasurer a fee of ten dollars ($10.00) upon the issuance of a new license.

Sec. 11. The terms, "practice of medicine," to practice medicine," practicing medicine" and "practice medicine," as used in this act are each hereby defined to mean holding oneself out to the public as being engaged within this State in the diagnosis and treatment of diseases or injuries of human beings; or the suggestion, recommendation or prescribing of any form of treatment for the intended palliation, relief or cure of any physical or mental ailment of any person, with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever; or the maintenance of an office for the reception, examination and treatment of any person suffering from disease or injury of body or mind; or attaching the title of M. D., surgeon, doctor, or any word or abbreviation to his name, indicative that such person is engaged in the treatment or diagnosis of the diseases or injuries of human beings. If any person shall hold himself out to the public as being engaged within this State in the diagnosis and treatment of diseases or injuries of human beings; or shall suggest, recommend or prescribe any form of treatment for the palliation, relief or cure of any physical or mental ailment of any person with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever; or shall maintain an office for the reception, examination and treatment of diseased or injured human beings; or shall attach the title of M. D., surgeon, doctor, or any other word or abbreviation to his name indicative that he is engaged in this State in the treatment of diseased or injured human beings; and shall not in any of these cases, theretofore have received, or shall not in any of these cases, then possess, in full force and virtue, a valid license to practice medicine under the laws of this State, he shall be deemed to be practicing medicine without complying with the provisions of this act and in violation hereof. Nothing in this act shall be construed to prohibit gratuitous service in case of emergency, nor the practice of the religious tenets or general beliefs of any church whatsoever, not prescribing medicine or administering drugs, nor shall it apply to commissioned surgeons of the

United States army, navy, or public health and marine hospital service, while so engaged, nor to regularly licensed physicians called from other States or Territories to attend specific cases in this State, nor the practice of dentistry, nor the practice of osteopathy when not prescribing medicine, or administering drugs.

Sec. 12. Any person practicing medicine in this State, without complying with the provisions of this act, or any person who shall have violated the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than fifty dollars ($50.00), nor more than three hundred dollars ($300.00), or by imprisonment in the county jail for not less than ten (10) days nor more than thirty (30) days, or both. Any person presenting or attempting to file as his own, the diploma or certificate or credentials of another, or who shall give either false or forged evidence of any kind to the State Board of Medical Examiners, or any member thereof, in connection with an application for a license to practice medicine, or who shall practice medicine under a false or assumed name, shall be deemed guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state penitentiary for a term of not less than one (1) year, nor more than ten (10) years, at hard labor.

Sec. 13. All fees received by the State Board of Medical Examiners and all fines collected by any officer of the law under this act, shall be paid to the secretary-treasurer of said board, who shall, at the end of each and every month, deposit the same with the State Treasurer, and the said State Treasurer shall place said money so received in a special fund to be known as the fund of the State Board of Medical Examiners, and shall pay the same out on warrants drawn by the Auditor of the State therefor, upon vouchers issued and signed by the president and secretary-treasurer of said board. Said moneys so received and placed in said fund may be used by the State Board of Medical Examiners in defraying their expenses in carrying out the provisions of this act. At the end of every biennial period, if there shall remain in said fund any balance, said balance shall be transferred to the general revenue fund of the State. The secretary-treasurer of said board shall keep a true and accurate account of all funds received and all vouchers issued by the board; and on the first day of December of each year he shall file with the Governor of the State a report of all receipts and disbursements for said board for the preceding fiscal year. Members of said board shall receive a per diem for the time during which they shall be actually engaged in the discharge of their duties; and the secretary-treasurer shall receive a salary; said per diem and salary shall be fixed by the board, and together with other expenses shall be paid out of the fund of the State Board of Medical Examiners.

Sec. 14. The State Board of Medical Examiners shall meet as a board of medical examiners in the city of Denver, on the first Tuesday of January, April, July, and October of each year, and at such other times and places as may be found necessary for the performance of their duties.

Sec. 15. Justices of the peace and all courts of record in the State of Colorado shall have full jurisdiction over and power to enforce the provisions of this act.

CONNECTICUT.

CAPITAL, HARTFORD.

Population of State, 1,114,756.
(U. S. Census, 1910.)
Number of Physicians, 1,457.

One of the original thirteen states of the Union, and the most southwestern of the New England states, is bounded on the north by Massachusetts, on the east by Rhode Island, on the west by New York, and on the south by Long Island Sound. It extends from 41 degrees to 42 degrees 2¾ minutes north latitude, and from 71 degrees 55 minutes to 73 degrees 50 minutes, west longitude.

The total land surface of Connecticut is, approximately, 4,845 square miles; the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 154; 1900, 187.4. The climate is, like that of the other New England states, marked by

POLK'S

DENTAL REGISTER

and DIRECTORY

IT IS A FACT that the leading and progressive men in the dental profession regard the **REGISTER** as a standard book of reference which ought to be in every dentist's library.

The Register is designed to so completely cover the dental directory field that further investment in that line will be unnecessary.

If you want to know the **COLLEGE STANDING** of the dentists you come in contact with, you will find it in the Register.

The **INDEX TO DENTISTS** in the Register will enable you to locate a **LOST FRIEND** if he is practicing anywhere in the United States.

Lists of Dentists arranged by States, giving Postoffice Address, with Population and Location of each place.

College and Class of Graduation.

All the Existing and Extinct Dental Colleges in the United States and Canada, with Location, Faculty, etc., arranged by States and Provinces.

Auxiliary and Post Graduate Institutions and Courses.

Dental Colleges in the United States and Canada arranged Alphabetically by Name.

Classified Directory of Business Pertaining to the Dental Profession.

The various National, Interstate, State and Local Dental Societies, Dental Journals, Boards of Dental Examiners, and other Dental Institutions.

The full text of the Laws for regulating the Practice of Dentistry in each State and Province.

great extremes and sudden changes; the winters are cold, the summers hot. The northwest part of the state has the coolest climate, the districts bordering on the sound the warmest. The mean annual temperature, as observed at the capital, is about 50 degrees, and the amount of rainfall varies from 41 to 47 inches according to the place of observation. The surface is of a generally undulating character. It includes the southern extremities of the two great New England systems of elevations, which are known in Vermont as the Green Mountains, and in New Hampshire as the White Mountains. The principal rivers are the Connecticut, the Thames, the Nangatuck, and the Housatonic. There are no large lakes, but numerous small and beautiful bodies of water are distributed over its surface. The higher portions are well adapted to grazing, and the rich valleys produce the cereal, orchard and garden crops of the temperate zone, also tobacco, in great abundance. Connecticut ranks amongst the foremost of manufacturing states, almost every conceivable article, particularly hardware, textile fabrics and clocks, being included in the output. Building stone is found in great abundance. As an educational center this state enjoys a national reputation.

MEDICAL LAWS OF CONNECTICUT.

DIGESTS OF THE LAWS OF 1907.

a. No person shall, for compensation, gain or reward, received or expected, treat, operate or prescribe, for any injury, deformity, ailment or disease, actual or imaginary, of another person, nor practice surgery or midwifery, until he has obtained a certificate of registration, and then only in the kind of branch of practice stated in said certificate.

b. No person shall obtain a certificate of registration until he has passed a satisfactory examination before one of the examining boards appointed for the purpose, nor until he has filed duplicate certificates signed by a majority of said examining board, stating that they have found him qualified to practice either medicine, surgery or midwifery, nor until he has filed duplicate statements subscribed and sworn to by him upon blanks furnished, giving his name, age, place of birth and present residence, stating of what medical college he is a graduate, and the date of said graduation, together with such other information as shall be required. No person shall be eligible to said examination until he presents to the board, by whom he shall be examined, satisfactory evidence that he has received a diploma from some legally incorporated and reputable medical college and complied with the requirements of law concerning preliminary education. Any person passing such examination and filing said certificates and statement shall receive from the State Board of Health, upon payment of two dollars, a certificate of registration, which shall state that the person named has been found qualified so to practice. He shall be registered in the town wherein he resides or the town nearest thereto—but shall be entitled to practice anywhere in this State without further registration. Certificates from other states based on an examination equal to that of Connecticut may be accepted in lieu of an examination, but this board will not accept such certificates from graduates of less than 10 years standing.

“ON-THE-HILL”
HEALTH RESORT
WATERTOWN, - CONNECTICUT

JUST THE PLACE FOR YOU TO RECUPERATE.

Nervous and convalescent cases, general invalidism and those requiring treatment away from home.

“On-the-Hill” Health Resort is situated in Watertown, Conn., in Litchfield county, in the heart of the Berkshires, and is accessible by the N. Y., N. H. & H. R. R. The approximate altitude is about 800 feet. The spacious walks and drives afforded by 50 acres of cultivated land and wooded groves are, in themselves, a cure for many ills.

The equipment is modern and up-to-date in every respect. The recent installation of an electric light cabinet bath and hot air body baking machine make the equipment for electrical and hydrotherapeutic treatments the most complete of its kind in this vicinity.

Medical Gymnastics, General Massage and a variety of baths are given under the direct supervision of a skilled gymnast.

Members of family can be accommodated during patient’s stay if desired.

Patients requiring open air treatment can be accommodated.

Write for detailed information.

CHARLES WARREN JACKSON, M. D.

Walnut Lodge Hospital, Inc., HARTFORD, CONNECTICUT
ORGANIZED IN 1880.
For the Special Care and Treatment of
ALCOHOL AND OPIUM INEBRIATES

This Institution is finely situated on the outskirts of the city, and the rooms are large, heated with steam and lighted with electricity, and arranged for comfort, so that each one can have all the advantages of a large asylum with the quiet and privacy of a home. The treatment comprises the use of every means which science and experience have found to be of value in building up the brain and nervous system, and includes

TURKISH, ROMAN, ELECTRICAL AND SALINE BATHS.

Only a limited number of cases are received, and every patient is under the direct personal care of the physician. Applications for admissions and all letters of inquiry should be addressed

DR. BROOKS' SANATORIUM FOR THE TREATMENT OF **New Canaan, Connecticut**
SEVENTEENTH YEAR | **DISEASE OF THE LUNGS** | SEVENTEENTH YEAR

Please note that this institution is not a Sanitarium for the care, but a Sanatorium for the modern and scientific treatment of Disease of the Lungs. The strictest, physiologic and systematic hygienic regimen is enjoined, under constant, painstaking, medical supervision and efficient nursing. Aerotherapy "Liege and Dauerluftkur," hydrotherapy, suralimentation and inhalation-therapy find here an exemplification in the truest acceptation of the terms. It is hardly necessary to state that every attention is paid to sanitation and prophylaxis. The institution is ideally located in a region of open country, long noted for its fresh, pure and invigorating atmosphere. For illustrated prospectus and further particulars, address **M. J. BROOKS, M. D., New Canaan, Connecticut.**

DELAWARE.

CAPITAL, DOVER.

Population of State, 202,322.
(U. S. Census, 1910).
Number of Physicians, 256.

One of the original thirteen States, is bounded on the north by Pennsylvania, on the west and south by Maryland, and on the east by the Atlantic ocean and the Delaware river and bay, and extends from 38 degrees 28 minutes, to 39 degrees 50 minutes N. latitude. It comprises an area of 2,120 square miles, or 1,356,800 acres. It occupies the northeastern portion of the peninsula which separates Delaware bay from Chesapeake bay, and which forms a plain of but little elevation above the sea level. Through the center of this peninsula extends from north to south a broad swell of the ground, somewhat higher than the sea coast, and covered with swampy tracts, from which the small streams issue. Delaware includes a portion of this higher ground and thus forms a plain gently inclining from the west to the shores of Delaware bay on the east. The climate is mild, the mean annual temperature being about 53 degrees.

LAWS OF DELAWARE REGULATING THE PRACTICE OF MEDICINE AND SURGERY.

CHAPTER 40 OF THE PUBLIC HEALTH.

AN ACT regulating the practice of medicine and surgery in this State.

Whereas, the safety of the public may be endangered by incompetent physicians and surgeons, and due regard for public health and the preservation of human life demands that none but competent and properly qualified physicians and surgeons shall be allowed to practice their profession; therefore,

Be it enacted by the Senate and House of Representatives of the State of Delaware in General Assembly met:

Section 1. That there shall be established a Medical Council of Delaware, consisting of the Chief Justice of the State and of the Presidents of the two State Boards of Medical Examiners provided for in this act.

Sec. 2. The said council shall be known by the name and style of the "Medical Council of Delaware," and may make and adopt all necessary rules, regulations and by-laws for their own government, not inconsistent with the laws of this State or of the United States, and shall have power to locate and maintain an office within this State for the transaction of business. Two members of said council shall constitute a quorum for the transaction of business.

Sec. 3. The said council shall organize within ten days from the date of the organization of the two Boards of Medical Examiners, and shall elect from its own number a president and a secretary, who shall also act as treasurer, both of whom shall hold their offices for one year, or until their successors are chosen.

Sec. 4. The members of said council shall receive, in addition to their necessary expenses, five dollars per day for each meeting of the council, but said per diem shall not exceed in any one year more than fifteen dollars, the same to be paid out of the fees hereinafter provided for.

Sec. 5. The said Medical Council shall hold two stated meetings in each year, and may hold special meetings at such times as it may deem proper. It shall issue certificates for license to practice medicine and surgery to such applicants as have presented such diplomas as hereinafter required and successfully passed the examination hereinafter provided, and the said Medical Council shall have no powers, duties or functions except as provided for in this act.

Sec. 6. That from and after the passage of this act there shall be, and continue to be, two sepapate Boards of Medical Examiners for the State of Delaware, one representing "The President and Fellows of the Medical Society of Delaware," and the other "The Homeopathic Medical Society of Delaware State and Peninsula."

Each board shall consist of five members, and each of said number shall serve for a term of two years from the first day of March next after appointment, with the exception of those first appointed, who shall serve as follows, namely: two of each board for one year, and three of each board for two years, from the first day of March, A. D. 1895.

The Governor shall appoint the members of said Board of Examiners, respectively, from the lists of members submitted by said medical societies residing in this State, which lists shall, within ten days from the passage of this act, and on or before the first day of every January thereafter, be transmitted to the Governor under the seal and signed by the secretary of the society so nominating.

From these lists of nominees, respectively, the Governor shall, within ten days after the receipt thereof, appoint two separate Boards of Medical Examiners, each board to be composed exclusively of members of the same medical society. In case of the failure of either of the said societies to submit lists as aforesaid, the Governor shall appoint members in good standing of the corresponding society entitled to nominate without other restrictions.

Each one of the said appointees must be a registered physician in good standing, and shall have practiced medicine or surgery under the laws of this State for a period of not less than five years prior to such appointment.

The Governor shall fill vacancies by death or otherwise for unexpired terms of said examiners from the lists submitted as aforesaid, and may remove any member

of either of said boards for continued neglect of the duties required by this act, or on recommendation of the medical society of which said member may be in affiliation, for unprofessional or dishonorable conduct.

The Governor shall in his first appointments designate the number of years for which each appointee shall serve.

The appointments of successors to those members whosh terms of office will expire on the first day of March of each year shall be made by the Governor during the first ten days of January of such year, upon the same conditions and requirements as hereinbefore specified with reference to the appointment of two separate Examining Boards, each to be composed exclusively of members of the same medical society, as hereinbefore provided.

Sec. 7. Said boards shall be known by the name and style of "Boards of Medical Examiners of the State of Delaware." Every person who shall be appointed to serve on either of said boards shall receive a certificate of appointment from the Secretary of State under his hand. Each of said Boards of Examiners shall make and adopt all necessary rules, regulations and by-laws, not inconsistent with the laws of this State or of the United States, whereby to perform the duties and transact the business required under the provisions of this act.

Sec. 8. From the fees provided by this act the Medical Council shall pay, not to exceed said income, all proper expenses incurred by its provisions; and if any surplus above said expenses shall remain at the end of any year, it shall be apportioned among said medical societies pro rata according to the number of candidates examined by each.

Sec. 9. The first meeting of each of the examining boards, respectively, shall be held on the first Tuesday of July, 1895. At such meeting of each of the boards, respectively, an organization shall be effected by the election from their own membership of a president and secretary, for the purpose of examining applicants for certificate for license. Each of said Boards of Medical Examiners shall hold two or more stated or special meetings in each year, due notice of which shall be made public at such times and places as they may determine. At said stated or special meetings a majority of the members of either board shall constitute a quorum thereof, but the examination may be conducted by a committee duly authorized by said boards.

Sec. 10. Each Board of Medical Examiners, not less than one week prior to each examination, shall submit to the Medical Council of Delaware questions for thorough examinations in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, pathology, diagnosis, therapeutics, practice of medicine and materia medica.

The Medical Council shall select the questions for such examinations from the lists of questions submitted by the Board of Medical Examiners of the candidate's election; and should there be candidates for examination of any other school than the two designated in this act, they shall be examined by the council and some reputable practitioner in this State of such school, by said council to be selected, upon questions selected from standard text-books on the above subjects as taught by the school selected by the candidate.

Sec. 11. Said examinations shall be conducted in writing in accordance with the rules and regulations prescribed by the respective Board of Medical Examiners, and shall embrace the subjects named in section 10 of this act. After each examination the Board of Medical Examiners having charge thereof shall, without unnecessary delay, act on the same. An official report of such action, signed by the president, secretary and each acting member of said Board of Medical Examiners, stating the result of examinations, shall be transmitted to the Medical Council.

Sec. 12. On receiving from either of said Boards of Medical Examiners such official report of the examination of any applicant for certificate for license, the Medical Council shall issue forthwith to each applicant who shall have been returned as having successfully passed the examination a certificate to that effect.

The Medical Council shall keep a record of all certificates, when and to whom issued.

Sec. 13.From and after the passage of this act, any person not heretofore authorized to practice medicine and surgery in this State, and desiring to enter upon such practice, shall deliver to the Secretary of the Medical Council, upon the payment of a fee of ten dollars ($10), a written application for examination together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a diploma from some reputable literary or scientific college, or a certificate from the faculty of Delaware College, signed by the president and attested by the secretary thereof, that he or she is qualified to enter the freshman class of the Latin Scientific Course of the said college; and has received a diploma conferring the degree of Doctor of Medicine, from some legally incorporated medical college, which, in the opinion of the Medical Council, was in good standing at the time of the issuing of the said diploma. Applicants who have received their degree in medicine after the passage of this act, must have pursued the study of medicine for at least four years, including four regular courses of lectures of not less than seven months each, in different years, prior to the granting of said degree, in some legally incorporated medical college or colleges, approved by the Medical Council. Such proof shall be made upon affidavit. Upon the making of said payment and proof, the Medical Council shall issue to said applicant an order for examination before such one of the State Boards of Medical Examiners as the applicant for certificate may select. In case of failure at any such examination, the candidate, after the expiration of six months and within two years, shall have the privilege of a second examination by the same board to which application was first made, without the payment of an additional fee, but if after six months and before two years from such examination, said application shall be withdrawn, the said ten dollars ($10) shall upon demand be returned. Provided that applicants for license who graduated prior to July 1st, A. D. 1901, and have been in continuous and reputable practice for at least five years since graduation, may be admitted to the examinations of one of said boards, upon certified and satisfactory evidence of good moral character, of three courses of medical lectures in different calendar years, and of a competent academic education according to the requirements of that time; and provided further, that applicants for license who graduated prior to July 1st, A. D. 1896, and have been in continuous and reputable practice for at least ten years, may be admitted to the examination of one of said boards upon certified and satisfactory evidence of moral character, of two courses of medical lectures, in different calendar years, and of a competent academic education according to the requirements at that time.

Sec. 14. That from and after the passage of this act it shall not be lawful for any person to practice medicine or surgery in this State without having obtained a license therefor as hereinafter provided. But a temporary license, of not less than two weeks nor more than four months, may be granted to a resident and legally qualified physician of another State, to take charge of the practice of a resident and legally qualified physician of this State, during the latter's temporary illness or absence from this State, upon the written request of a physician residing in this State, and the payment to the Secretary of the Medical Council of a fee of two dollars ($2) for the use of said council, and when such temporary license is so issued, the physician receiving such license shall have the right to practice medicine in the State of Delaware for the time specified in said temporary license.

Sec. 15. The Clerk of the Peace of any of the counties of this State shall issue a license signed by the Governor and countersigned by the Secretary of State and sealed with the seal of his office, certifying that such person is authorized to practice medicine and surgery in this State, conformably to the laws thereof, to any person who shall present to him a certificate as provided in this act, or who shall have been qualified in one of the counties of this State prior to the passage of this act, and to no other person.

Sec. 16. The provisions of this act shall not apply to physicians who are practitioners of any other State coming into this State in consultation with any lawful practitioner of medicine and surgery in this State.

Sec. 17. Any person practicing or attempting to practice medicine or surgery within this State contrary to the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof in the Court of General Sessions of the Peace and Jail Delivery in the county wherein the offense was committed shall pay a fine of not more than five hundred ($500.00) dollars, nor less than one hundred ($100.00) dollars or be imprisoned for a term of not more than one year.

Sec. 18. That this act shall not in any way apply to dentists or to dental surgery.

Sec. 19. All other acts or parts of acts regulating the practice of medicine and surgery in this State are hereby repealed; but nothing herein contained shall in any way interfere with the operation of Chapter 117, Volume 13, Laws of Delaware, relating to revenue.

Sec. 20. For the purpose of this act and the act to which this is an amendment, the words, practice of medicine, or surgery, shall mean to open an office for such purpose, or to announce to the public, or to any individual, in any way. a desire or willingness or readiness to treat the sick or afflicted in any country in the State of Delaware, or to investigate or diagnosticate, or to offer to investigate or diagnosticate any physical or mental ailment, or disease, of any person, or to give surgical assistance to, or to suggest, recommend, prescribe or direct for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, or bodily injury, or deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any money, gift, or any other form of compensation. It shall also be regarded as practicing medicine within the meaning of this act if any one shall use in connection with his or her name, the words or letters Dr., Doctor, Professor, M. D., M. B., or Healer, or any other title, word, letter or other designation which may imply or designate him or her as a practitioner of medicine, or surgery, in any of its branches; provided that nothing in this act nor the act to which this is an amendment, shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to dentists or dental surgeons in the practice of dentistry, or to surgeons of the United States army or navy in the discharge of their official duties, or to prevent the mechanical application of glasses; provided, that nothing contained in this act shall prevent opticians from preparing eyes for testing or testing eyes and fitting glasses to correct vision, or to prevent druggists practicing pharmacy according to the existing laws, or to prevent the treatment of corns or bunions or the business of manicuring or the practice of massage. The requirements of section one of this amendment as to general or medical education shall not apply to students now matriculated in medical colleges, but such students shall conform, as to general and medical education, to the requirements of the statutes to which this act is an amendment.

Sec. 21. Any practitioner of the system, method or science of treating diseases of the human body commonly known as osteopathy, who is a graduate of any legally chartered and regularly conducted school of osteopathy which in the opinion of the Medical Council shall be in good standing, who holds a diploma regularly issued from such school, and who has been in personal attendance as a student in such school for at least four terms of not less than five months each before graduation, and who is now located and practicing in this State, is hereby authorized to so practice, without conforming to, and notwithstanding, any provision of this act, or the act to which this act is an amendment, upon such practitioners of osteopathy paying to the State the state license tax prescribed by law for physicians.

That all other persons proposing to practice osteopathy in this State after the passage of this act shall be subject to the provisions of this act and of the act to which this act is an amendment, provided that such future applicants to practice osteopathy in this State shall be examined by the Medical Council and some reputable practitioner of osteopathy in this State, or, if there then shall be no reputable practitioner of osteopathy then residing in this State, by the Medical Council and some practitioner of osteopathy from some other State, to be designated by the Medical Council, and provided further that such future applicants to so practice shall be examined only upon such questions as shall be selected by the Medical Council and such selected associated practitioner of osteopathy in anatomy, physiology, hygiene, chemistry, obstetrics, pathology, physical diagnosis, histology, gynecology, surgery, urinalysis, and principles of osteopathy. Any person who is the holder of a diploma regularly issued by any legally chartered and regularly conducted school of osteopathy, who has been in personal attendance as a student in such school for at least three years for terms of not less than seven months in each year before graduation, and who shall conform to the provisions relative to general education, shall be eligible to such examination by said Medical Council, notwithstanding any of the provisions of this act. Upon successfully passing said examination, the applicant to practice osteopathy shall be entitled to receive and shall receive from said Medical Council an appropriate certificate entitling him to practice osteopathy in this State. The Clerk of the Peace of any of the counties of this State shall, upon the payment of the amount of the State license tax prescribed by law for physicians, issue a license signed by the Governor and countersigned by the Secretary of State and sealed with the seal of his office, certifying that such person is authorized to practice osteopathy in this State, conformably to the laws thereof, to any person who shall present to him such certificate of the Medical Council or to any practitioner of osteopathy now practicing in this State conformably to the provisions of this act.

A Supplement to an Act entitled "An Act Regulating the Practice of Medicine and Surgery in this State," passed at Dover, April 18, 1895.

Be it enacted by the Senate and House of Representatives of the State of Delaware in General Assembly met:

Section 1. That the Medical Council of Delaware may refuse to issue a certificate for a license to practice medicine and surgery, or may revoke a certificate issued for a license to practice medicine and surgery for the following causes, to-wit: Chronic and persistent inebriety; the practice of criminal abortion; conviction of a crime involving moral turptitude or for publicly advertising special ability to treat or cure chronic incurable diseases, or where any person shall present to the said Medical Council any diploma, license or certificate that shall have been illegally obtained or that shall have been signed or issued unlawfully or under fraudulent representation; in complaints for violating the provisions of this section, the accused person shall be furnished with a copy of the complaint and given a hearing before the said Medical Council in person or by attorney.

Sec. 2. That applicants examined and licensed by, or who are, or have been members of State Examining and Licensing Boards of other States, upon payment of fifty dollars to the Treasurer of the Medical Council of Delaware, and on filing with the secretary of said Medical Council a copy of his or her license or certificate certified to by affidavit of the president and secretary of such board, showing also that the standard of requirements of the said board at the time the said license or certificate was issued, was substantially the same as that required by the said Medical Council of Delaware, and of his or her affidavit as to the personality thereof, may be granted a certificate for a license to practice medicine and surgery by the said Medical Council, upon the recommendation of the said Boards of Medical Examiners without further examinations thereby.

Sec. 3. That the State Treasurer shall pay the sum of three hundred dollars per annum, in quarterly payments of seventy-five dollars each, to the Treasurer of the Medical Council of Delaware, who shall apportion and pay the same to the members of the said boards for their necessary expenses, and in addition, five dollars per day each for each member for every meeting attended, but said per diem shall not exceed in any one year more than twenty-five dollars.

Approved March 16, 1899.

DISTRICT OF COLUMBIA.

Population 331,069.
(U. S. Census, 1910).
Number of Physicians, 1,027.

In the year 1790 Maryland and Virginia ceded a square tract of land, 10 miles long and wide, to the United States as a site for the national capital. This tract was named the District of Columbia. In 1846 that part of the District which lies south of the Potomac river was retroceded to Virginia and since then the northern or Maryland portion form the national district. The total land surface is approximately 60 square miles. The climate is genial, the mean annual temperature being 56.16 degrees and the average rainfall 37.62 inches. It lies between 38 degrees 51 minutes and 39 degrees north latitude, and 76 degrees 58 minutes and 77 degrees 6 minutes west longitude, and contains the city of Washington, the national capitol and seat of the supreme legislature. It is governed by three commissioners appointed by the President. The religious and educational facilities are second to none in the United States.

For list of Medical Colleges, see page 151.

CIRCULAR OF INFORMATION RELATIVE TO THE PRACTICE OF MEDICINE IN THE DISTRICT OF COLUMBIA.

1. No person can lawfully practice medicine in the District of Columbia unless licensed to do so by the Board of Medical Supervisors.

2. Licenses for this purpose may be issued either (a) after examination, or (b) upon the basis of licenses issued by States, Territories, and insular possessions of the United States, and by foreign countries.

ISSUE OF LICENSES AFTER EXAMINATION.

3. Examinations are held quarterly, commencing on the second Tuesdays in January, April, July and October of each year. They continue usually for about four days—that is, until the following Friday.

4. Applications must be made on forms furnished by the Board of Medical Supervisors. If the applicant is to be examined, his application must be filed with the secretary of the board at least two weeks prior to the day set for commencement of the examination which the applicant desires to enter.

5. A fee of ten dollars must accompany each application.

6. Only those who hold the degree of doctor of medicine are admitted to exam-

ination. Those who have received such degree before June 30, 1898, must have studied medicine not less than three years, and those who have received it after that date must have studied not less than four years, before graduation. A diploma conferring such degree must accompany each application.

7. The examination is both written and oral. It includes anatomy, physiology, chemistry, bacteriology, pathology, materia medica and therapeutics, hygiene, histology, practice of medicine, surgery, obstetrics, gynecology, diseases of the eye and the ear, medical jurisprudence and such other branches as may be from time to time determined by the Board of Medical Supervisors.

8. Copies of questions which have been used in previous examinations will not be furnished under any circumstances.

9. Persons failing in one examination are permitted to enter any subsequent examination but a new application must be filed, and a new fee, ten dollars, paid, each time.

ISSUE OF LICENSES BY VIRTUE OF RECIPROCITY.

10. Licenses may be issued without examination upon the basis of licenses issued by States, Territories, and insular possessions of the United States, and by foreign countries, but only subject to the following conditions:

"(a.) No applicant shall be licensed who is not of good moral character and free from mental defects and drug habits liable to interfere with the proper practice of medicine and surgery;

"(b.) Nor who, at the time of making application, and for not less than two years prior to the date thereof, has not been lawfully authorized to practice medicine and surgery, and actually engaged in such practice, in the jurisdiction wherein he resides;

"(d.) Nor unless the jurisdiction, by virtue of whose license the applicant seeks exemption from examination in the District of Columbia, grants to licentiates of the Board of Medical Supervisors of said district privileges equivalent to those which the applicant seeks;

"(e.) Nor until the applicant has paid to the Board of Medical Supervisors aforesaid such fee as may be fixed and required by the regulations of said board, but not more than the fee charged under similar circumstances by the jurisdiction by virtue of whose license the applicant seeks exemption from examination."

11. In order to ascertain whether the jurisdiction by virtue of whose license a prospective applicant purposes seeking exemption from examination in the District of Columbia complies with the requirements of paragraph "d," supra, the applicant should apply directly to the proper authorities of said jurisdiction; the Board of Medical Supervisors cannot undertake to advise an applicant as to the law or practice followed in any jurisdiction other than the District of Columbia.

12. All communications relative to licenses to practice medicine in the District of Columbia should be addressed to "The Board of Medical Supervisors, Washington, D. C."

FLORIDA.

CAPITAL, TALLAHASSEE.

Population of State, 752,619.
(U S Census, 1910).
Number of Physicians, 996.

Florida is the most southerly state in the United States, and lies between 24 1-2 degrees and 31 degrees north latitude, and between 80 degrees and 88 degrees west longitude from Greenwich. The total area of the state is 59,268 square miles, or 37,931,520 acres. Of this area, according to the latest United States census, the total land surface is 54,240 square miles; the total area covered by water, composed of lakes, rivers and ponds, is 5,028 square miles. The length of the state from its northern boundary to the south end of the peninsula is something over 400 miles; the average width of the peninsula is about 100 miles, and that portion of the state lying along, and between the States of Georgia and Alabama and the Gulf of Mexico averages about 60 miles in width, though much narrower in some places.

From its geographical position, being in the same latitude as the northern half of Mexico and southern China, it is natural to suppose the climate is hot, but its comparative degree of heat is not accurately indicated by its latitude, because the temperatures that might be expected from its geographical position are controlled in great measure by its peculiar shape, bringing the whole surface in close proximity to the ocean currents, which influence to a great degree its entire climatic conditions. The narrowness of the State and its consequent exposure to the fructifying influence of the balmy ocean winds produces a pleasantness and salubrity of climate and a power of vegetable production truly wonderful.

The surface of the State, taken as a whole, is comparatively level; the most level portion being in the eastern and southern sections of the State, though there are numerous points in the parts just mentioned where considerable areas of country are from 100 to 250 feet above sea level; in the northern, north central and western sections of the State, the greater portion of the country is quite hilly, many points having a latitude of 200 to 300 feet above tide water.

Of the geographical features most important, the most noticeable is the great length of coast line, almost 1,200 miles, which is also remarkable for the great number of bays, making the entire coast accessible, and containing a number of the finest harbors in the United States. Into these bays flow numerous streams, many of them navigable, plied by lines of steamboats that supply facilities for commercial intercourse with interior points. A number of these rivers flow entirely across the State (the St. Johns River runs almost the entire length, rising far to the south and flowing due north), and in almost every case have at their mouths safe harbors for vessels in coasting trade, as well as for vessels of larger draught. The principal harbors on the Gulf Coast are Pensacola, Tampa, Charlotte Harbor, Key West and Carrabelle, and on the Atlantic coast, Fernandina, Jacksonville and Miami.

MEDICAL LAWS OF FLORIDA.

Law effective May 31st, 1889, and Sections 801, 802, 805 and 810 as amended by the Legislature of 1905, and approved by the Governor, May 15th, 1905.

Section 1. That Section 801 of the Revised Statutes of the State of Florida, be amended so as to read as follows;

801. Appointment of Medical Examiners.—The Governor shall appoint a State Board of Medical Examiners, and also a State Board of Homeopathic Medical Examiners.

Sec. 2. That Section 802 of the Revised Statutes of the State of Florida be amended so as to read as follows:

802. Qualifications of Examiners.—The State Board of Medical Examiners shall be composed of seven regular, practicing physicians, who have been duly licensed to practice in this State; no two members shall be residents of the same judicial circuit. The Board of Homeopathic Examiners shall be composed of three practicing homeopathic practicing physicians, who are graduates in good standing of some medical college, recognized by the American Institute of Homeopathy.

803. Terms of Office.—The appointment of each member of each of said boards shall continue for four years from the date of such appointment. Whenever a vacancy shall occur on any of said boards, the same shall be filled by the Governor for the unexpired term.

804. To Elect President and Secretary and Make Rules.—Every board shall elect one of their number president, and one secretary, and shall adopt all necessary rules for the guidance and control of their meetings.

Sec. 3. That Section 805 of the Revised Statutes of the State of Florida be amended so as to read as follows:

805. Regular Meetings.—Each board shall meet regularly, semi-annually, at some central and convenient point in the State to conduct examinations, and grant licenses, as herein provided, and they shall give at least one month's public notice of their meeting by publication once a week in a newspaper of general circulation throughout the State.

806. Examinations.—It shall be the duty of said Board of Examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his medical diploma from a recognized college upon the following named subjects: Anatomy, physiology,

surgery, gynecology, therapeutics, obstetrics, and chemistry, but no preference shall be given to any school of medicine. Provided, that it shall be the duty of the Board of Homeopathic Medical Examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments, upon the production of his diploma from a college recognized by the American Institute of Homeopathy, upon the following subjects: Anatomy, physiology, surgery, gynecology, materia medica, therapeutics, obstetrics and chemistry, and no preference shall be given to any school of medicine. (As amended by Chapter 4419, Acts of 1895.)

807. When the board shall be satisfied as to the qualifications of an applicant, they shall grant to him a certificate to that effect, which certificate shall entitle the person to whom granted, to practice medicine in any county when the same shall have been recorded as required by section 809.

808. Two May Grant Certificates.—Temporary Certificates.—Any two members of said board may grant a certificate of qualification to an applicant; and any member of said board shall have authority to grant a temporary certificate to an applicant, upon examination, until the next regular meeting of the board, at which time the temporary certificate shall cease to be of force.

809. Record of Certificate.—The certificate provided for in the two preceding sections shall, before the person to whom it is granted shall be entitled to practice by virtue thereof, be recorded in the office of the Clerk of the Circuit Court in the county in which such practitioner may reside or sojourn, in a well-bound book to be kept by clerk for that purpose, and when so recorded the clerk shall certify thereon under his official seal the fact and date of such record, and shall return such certificate to the person to whom the same was granted, and shall be entitled for such service to collect from the holder of such certificate the legal fee for recording.

Sec. 4. That Section 810 of the Revised Statutes of the State of Florida, be amended so as to read as follows:

810. Examination Fee.—The board shall be entitled to demand and receive from each applicant examined the sum of fifteen dollars, whether a certificate be granted to such applicant or not.

811. Certificates to Former Practitioners.—All practitioners who have been engaged in the practice of medicine, in any of its departments, in this State, prior to May 31st, 1889, shall, upon the production of a diploma from a medical college recognized by the American Medical Association, be granted by the Board of Examiners a certificate of qualification, without further examination and without charge.

812. Provisions not to Apply to Certain Persons.—The provisions of this chapter shall not apply to persons who have heretofore received certificates of qualification and have recorded the same as provided by the laws of this State heretofore existing, nor to females who follow the practice of midwifery strictly as such. No person, except those described in this section, shall be permitted to practice medicine in any of its branches or departments without first having obtained and recorded a certificate of qualification from some authorized Board of Medical Examiners as hereinbefore provided.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R. Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; {, Dentist; R. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 143-189) indicates the college of graduation, and the last number the year in which diploma was granted.

GEORGIA.

CAPITAL, ATLANTA.

Population of State, 2,609,121.
(U. S. Census 1910.)
Number of Physicians, 2,669.

Georgia, the last settled of the original thirteen states which united under the Federal Constitution to form the American Union, is the greatest in area of all the states east of the Mississippi river. It extends from 30 degrees 21 minutes 40 seconds to 35 degrees north latitude, and from 80 degrees 52 minutes to 85 degrees 35 minutes 38 seconds west longitude, and is bounded on the north by Tennessee and North Carolina, on the east by South Carolina and the Atlantic Ocean, on the south by Florida, and on the west by Alabama and Florida.

The total land surface of Georgia is, approximately, 58,980 square miles. Its maximum length from north to south is 320 miles, and its breadth 254 miles, with 128 miles of coast line indented by

BURN-BRAE, A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES. (See adv. in Philadelphia)

numerous sounds and inlets which separate a series of low sandy islands from the mainland. The surface of the state presents a diversity of aspects from the low, sandy beach, broad swamps and marshes, level plains covered with pine, gently undulating hills and lofty mountains. There is a decided contrast in temperature between the northern and southern portions of the state, due to the difference in height above the sea and the latitude. At Atlanta the mean annual temperature is 58.36 degrees, and at Savannah 67.8 degrees. The average annual rainfall is 49.3 inches.

Agriculture is the most important branch of industry, while Georgia leads the Southern States in manufacturing, having valuable water power and important interests in the manufacture of textile stuffs, lumber, flour and in the smelting and manufacturing of iron.

There are a number of mineral springs in the state.

For list of Medical Colleges see page 151.

MEDICAL LAWS OF GEORGIA.

An Act to Establish Boards of Medical Examiners for the State of Georgia, to Define Their Duties and Powers, to Protect the People from Illegal and Unqualified Practitioners of Medicine and Surgery, to Regulate the Issuing and Recording of Licenses, to Prescribe Penalties for the Violation of this Act, and for other purposes.

Section 1. Be it enacted by the General Assembly of Georgia, and it is hereby enacted by authority of the same, that within thirty days after the passage of this act, it shall be the duty of the Governor to appoint for this State three separate Boards of Medical Examiners of five members each, as follows: One board to consist of five members of the regular school of medicine; one board of five members of the eclectic school of medicine; and one board of five members of the homeopathic school of medicine. The members of each of said boards shall be men learned in medicine and surgery, of good moral and professional character, and graduates of reputable medical colleges; but none of them shall be members of the faculty of any medical college. Each of said three boards shall be wholly independent of, and separate from, the other two in the performance of the duties herein required of each of said boards. A majority of each board shall constitute a quorum.

Sec. 2. Be it further enacted, that the term of office of said members shall be for the term of three years; provided, that two members of each board shall first be appointed for one year; two for two years, and one for three years; and subsequently each appointment shall be for the full term of three years. Any vacancy that may occur in said board, in consequence of death, resignation, removal from the State, or from other cause, shall be filled for the unexpired term by the Governor.

Sec. 3. Be it further enacted that immediately, and before entering upon the duties of said office, the members of said Board of Medical Examiners shall take the following oath: "I do swear that I will faithfully perform the duties of a member of the Board of Medical Examiners for the State of Georgia to the best of my ability, so help me God," and shall file the same in the office of the Governor of the State, who, upon receiving the said oath of office, shall issue to each examiner a certificate of appointment.

Sec. 4. Be it further enacted that immediately after the appointment and qualification of said members, each board shall meet and organize. The officers of said board shall be a president, vice-president and secretary (who shall act as treasurer). Said officers shall be members of and elected by their respective boards. Each board shall hold two regular meetings in each year. One meeting shall be held at such time on or just before graduation day of each medical college now chartered, or that may hereafter be chartered, in this State, and the Board of Examiners, after consultation with the faculty of said college, shall fix a time for its meeting to suit a majority of the students graduating from said college; the other, on the second Tuesday in October. The first meeting shall be held in the city of Atlanta, and the succeeding meetings of each board may be held in such city as each board may determine for itself. Special meetings may he held upon the call of the president and two members of each board; but there shall not be less than two regular meetings in each year. Each board may prescribe rules, regulations and by-laws for its proceedings and government, and shall keep permanent record of its actions. And each board shall examine and pass upon the qualifications of applicants for the practice of medicine in the State, as herein prescribed.

Sec. 5. Be it further enacted, that it shall be the duty of each board at any of its meetings, to examine only persons making application to it, who are graduates of an incorporated medical college, school or university, that requires not less than three full courses of study of six months each, who shall desire to commence the practice of medicine or surgery in the State, and who shall not, by the provisions of this act, be exempt from such examination; but any person now matriculated as a student of medicine at any medical college, after graduation, and any person from another State who shall have graduated prior to April 1st, 1895, at a lawfully chartered medical college requiring only two full courses of study, shall be eligible for examination and license; provided, always, that the applicant for such examination shall hold a lawfully conferred diploma from an incorporated medical college which conforms to the system of practice represented by the board to which the application shall be made; unless the applicant desires to practice a different system from that recognized in his diploma then he shall appear before the board which represents the system that he proposes to practice. But in no event shall an applicant who stands rejected by one of said boards be examined or licensed by either of the other boards. If the applicant desires to practice a system not represented by any of the boards hereby established he may elect for himself the board before which he will appear for examination. When an applicant shall have passed an examination satisfactory as to proficiency before the board in session, the president thereof shall grant to such applicant a certificate to that effect. A fee of ten dollars shall be paid to such board through such officer or member as it may designate by each applicant before such examination is had. In case an applicant shall fail to pass a satisfactory

examination before any board, he shall not be permitted to stand any further examination before any of the boards within the next three months thereafter; nor shall he again have to pay the fee prescribed aforesaid for any subsequent examination; provided, that when, in the opinion of the president of any board, any applicant has been prevented by good cause from appearing before said board, the president and two members of said board designated by him shall constitute a committee, who shall examine such applicant, and may, if they see fit, grant him a certificate which shall have the same force and effect as though granted by a full board, until the next regular meeting of the board, when, if the applicant fails to appear for examination, said certificate shall be void.

Sec. 6. Be it further enacted, that the fund raised from the fees aforesaid shall be applied by each examining board to the payment of its expenses and to making a reasonable compensation to the president, secretary and members thereof.

Sec. 7. Be it further enacted, that before any person who obtains a certificate from any board, or from a committee of any board, may lawfully practice medicine or surgery in this State, he shall cause the said certificate to be recorded in the office of the Clerk of the Superior Court in the county in which he resides. But if he does not reside in the State of Georgia, he shall cause said certificate to be recorded in any county within this State in which he offers to practice. The certificate shall be recorded by the clerk in a book to be kept for that purpose. It shall be indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording a certificate shall be the same as for recording a deed.

Sec. 8. Be it further enacted, that this act shall take effect from and after the first day of January, 1895, and that it shall be unlawful thereafter for any person to commence the practice of medicine or surgery in this State without complying with the provisions of this act. But nothing in this act shall apply to persons now lawfully engaged in the practice of medicine or surgery in the State of Georgia to any commissioned medical officer or contract surgeon of the United States army or navy or marine hospital service, in the performance of their duties as such, nor to any physician or surgeon residing in any State or Territory of the United States, or in the District of Columbia, who may be bona-fide called in consultation in a special case with a legally qualified physician or surgeon residing in this State; nor shall this act be construed as affecting or changing in any way laws in reference to license tax to be paid by physicians and surgeons; provided, that a non-resident physician or surgeon called in consultation in a special case, as above described, shall not be permitted to engage in continuous practice or consultation in connection with any resident physician or surgeon under any form of contract or agreement, direct or indirect.

Sec. 9. Be it further enacted, that any person shall be regarded as practicing medicine or surgery, within the meaning of this act, who shall prescribe for the sick or those in need of medical or surgical aid, and shall charge or receive therefor money or other compensation or consideration, directly or indirectly; provided, however that midwives and nurses shall not be regarded as practicing medicine or surgery.

Sec. 10. Be it further enacted, that any person who shall practice medicine or surgery in this State in violation of the provisions of this act shall, upon conviction, be punished as prescribed in section 4310 of the code of the State of Georgia for each offense; and it shall not be lawful for him to recover by action, suit, motion or warrant any compensation for services which may be claimed to have been rendered by him as such physician or surgeon.

Sec. 11. Be it further enacted, that all laws and parts of laws in conflict with this act be, and the same are, hereby repealed.

Approved December 12th, 1894.

An Act to Authorize the Boards of Medical Examiners of Georgia to Grant Licenses to Licensees of Medical Boards of Other States Without Examination, and for other purposes.

Section 1. Be it enacted by the General Assembly of Georgia, That from and after the passage of this act the Boards of Medical Examiners of Georgia be and it is hereby authorized upon a receipt of a license fee of ten dollars without examination, to endorse licenses issued by other State Boards having an equal standard of requirements with the Georgia boards; provided, said other State Boards accord to the licensees of the Georgia State Boards the same courtesy, and said other board licenses, when endorsed shall entitle the holder to register in this State, and to all the rights and privileges thereby granted. Provided, further, that all physicians in regular standing who graduated before the act, creating the State Examining Boards, be granted license without examination on payment of fees, who desire to locate outside of this State.

Sec. 2. Repeals conflicting laws.

IDAHO.

CAPITAL, BOISE.

Population of State, 325,594.
(U. S. Census 1910).
Number of Physicians, 400.

Idaho was organized as a territory March 3, 1863, and admitted as a state July 3, 1890.

The total land surface of Idaho is, approximately, 84,290 square miles. It extends from 42 degrees to 49 degrees north latitude, and from 111 degrees to 117 degrees west longitude, and is bounded on the north by British Columbia, on the south by Nevada and Utah, on the east by Montana and Wyoming, and on the west by Washington and Oregon. The climate is cool and healthful, the mean annual temperature being 52.64. The Bitter Root mountains, a chain of the Rockies, form the northeastern boundary, and their spurs and extensions occupy a considerable portion of its surface. Mining and agriculture are the principal industries. Its mountains are well supplied with gold, silver, lead and copper, while the river valleys are unsurpassed for the growth of cereals and the raising of stock. More than one-fifth of the lead products of the United States in 1899 was taken from the mines of this state,

and in the production of silver Idaho ranked fourth. The manufacture of timber and lumber products is the principal manufacturing industry.

For list of Medical Colleges, see page 151.

LAW REGULATING THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF IDAHO.

SENATE BILL NO. 26.

Passed at the Fifth Session of the Legislature of the State of Idaho. Approved March 3, 1899.

An Act to Regulate the Practice of Medicine and Surgery Within the State of Idaho: and Providing Penalties for the Violation of this Act; and the Repeal of all Other Acts in Relation thereto.

Be it enacted by the Legislature of the State of Idaho:

Section 1. The Governor of the State, within sixty days from the expiration of the session of the Legislature at which this act shall have been passed, shall appoint a Board of Medical Examiners, to be known and styled, "The State Board of Medical Examiners," consisting of six members, a majority of whom shall never be appointed from, nor represent, any one school of medicine, and not less than three schools of medicine shall be at all times represented on said board, all of whom shall be graduates of reputable medical colleges or universities, in good standing, and learned and skilled in the theory and practice of medicine and surgery, and of good moral repute.

The terms of office of the members forming the first board under this act shall be as follows, viz: Two members thereof shall be appointed to serve for a period of two years, and two members thereof shall be appointed to serve for a period of four years, and two members thereof shall be appointed to serve for a period of six years. After which all subsequent appointments shall be for a period of six years, and until their successors have been appointed and qualified. All persons appointed to serve under said board shall, upon assuming the duties thereof, make oath before a district or probate judge that they are graduates of colleges or universities, in good standing, giving names and locations thereof, and that they will faithfully and impartially perform the duties of such office. These oaths shall be made in duplicate, one to be retained on file in the office of the secretary of said board, and one to be forwarded to the Secretary of State, who shall, on receipt of the same, issue to each member appointed on said board, and complying with this section, a certificate of such appointment, under his hand and the great seal of the State. Provided: That the Governor shall remove any member of said board who shall be guilty of any criminal or dishonorable conduct, or who shall be guilty of any unprofessional conduct forbidden by this act, upon recommendation from the said board, made pursuant to a resolution thereof, duly authenticated and accompanied by all the facts and testimony in possession of said board, upon which the said resolution is based. Vacancies occurring from death, resignation or any other cause, shall be filled by appointment by the Governor within thirty days from the time such vacancies occur, and such appointee shall serve during the unexpired portion of the term of the member whose place he fills: Provided, further, that after the board shall have been constituted and organized, no person otherwise eligible shall thereafter be appointed on said board who is not in possession of a license to practice medicine and surgery in this State under the provisions of this act.

Sec. 2. Said board shall have authority to prescribe and establish all needful rules, regulations and by-laws, not inconsistent with the laws of this State, or the United States, to carry into effect the provisions of this act.

Sec. 3. Said board shall organize immediately after appointment by electing from among its members a president, a secretary, and a treasurer, and shall provide a seal and shall attest its acts under said seal. Any member of the board shall have the authority to administer oaths, and the board shall have authority to take testimony whenever the same is necessary in any matter relating to its official acts or duties. Said board shall hold regular meetings on the first Tuesday in the months of April and October in each year at the capitol of the State, or at such other places as the board shall designate. Special meetings may also be called, when in the opinion of a majority of the said board, the same is necessary, and shall be held at such times and places as a majority of the board may designate. Said board shall keep a minute book or general book of record in which all the official acts, proceedings and transactions of said board shall appear in full. They shall also keep in addition thereto a "Cash Book," in which shall appear in detail all receipts and disbursements of said board. They shall also keep a special register, containing the names and addresses of all applicants for license, together with the data required to be furnished in the application for said license. Said special register shall also show whether the applicant received license or was rejected, and if the applicant was rejected, it shall contain a full statement of the reasons therefor. Said general book of record, the cash book, and the special register, shall be prima facie evidence of all matters therein recorded, and shall be public records in charge of the secretary of the board.

Sec. 4. The board shall make an annual report to the Governor of the State, which report shall set forth a full and complete history of all its official acts during the year, and shall also contain a true statement of all receipts and disbursements of said board for the period so reported.

Sec. 5. All persons, except as hereinafter provided, who are legally engaged in the actual practice of medicine and surgery, or either of them, within the State, at the time of the passage of this act, under the provisions of the medical act of 1887, shall be licensed without examination to continue such practice under this act, by making application to the State Medical Examining Board upon suitably prepared blanks to be furnished by said board, within six months from the taking effect of this act. The applicant shall be required to transmit with said application, a certificate from the County Recorder from the county in which he or she may reside, that said applicant is a bona fide resident of the State and has recorded his or her diploma under the provisions of the medical act of 1887, giving data of such record. Persons who received a license under the now defunct medical law of 1897, will simply be required to transmit such license. The fee for license under this section shall be five ($5) dollars and shall in each case accompany the application. Upon fulfillment of the requirements herein stated, the board shall issue to said applicant a license to practice medicine and surgery within this State. Persons for whom the provisions of this section are intended, failing or refusing to avail themselves of the same, shall be and are hereby subject to the requirements of section six of this act.

Sec. 6. After the passage of this act, every person, except as hereinafter provided, desiring to commence the practice of medicine and surgery, or either of them, within the State shall, immediately and prior to commencing the same, make a written application to the State Medical Examining Board, upon suitably prepared blanks, to be furnished by the board, for a license so to do. The applicant shall transmit with said application his or her diploma, together with an affidavit setting forth that said diploma is genuine, and that the applicant is the rightful possessor thereof and the identical person named therein, and that same was obtained by pursuing the regular course of study or examination in said institution, and setting forth that he or she is a citizen of the United States, or has declared their intention of becoming such. If the said diploma has been issued by a reputable college of medicine in good standing, said applicant shall be eligible to examination. All applicants shall be examined in the applied branches of the theory and practice of medicine and surgery, or either of them, as those branches are taught in the reputable chartered schools of the system of medicine to which the applicant belongs and which the applicant intends to practice, and such examination shall in all cases include anatomy, physiology, pathology, diagnosis, hygiene, chemistry, histology and toxicology. No applicant for license shall be allowed to practice medicine and surgery, or either of them, until such license shall have been granted. The board shall cause the examination to be scientific and practical and sufficiently thorough to test the applicant's fitness to practice medicine and surgery, or either of them, and if the applicant correctly answers at least seventy-five per cent. of all the questions submitted, said board shall grant the applicant a license to practice medicine and surgery in this State. Every applicant for license under any of the provisions of this act, must furnish sufficient evidence to the board that they are of good moral character. All applications under this section must be accompanied by twenty-five ($25) dollars, which is the fee for examination under this section. Should the applicant fail to pass said examination, the fee is not returnable. The cost of transmission to and from the board of all papers belonging to an applicant under this or any other section of this act shall be paid by the applicant. In case an applicant for an examination fails to pass the required examination, he or she may be re-examined after the expiration of six months, and within one year, without the payment of an additional fee, and thereafter said applicant may be examined as often as desired at any regular or special meeting of the board on payment of the regular fee for such examination. Said board may also refuse a license for unprofessional conduct, or conduct of a criminal, immoral, or dishonorable nature.

Sec. 7. The words "unprofessional or dishonorable conduct" as used in section 6, or any other section of this act, is hereby declared to mean:

First. The procuring or aiding or abetting in procuring a criminal abortion.

Second. The employment of what are popularly known as "cappers" or "steerers" in procuring practice.

Third. The obtaining of a fee on the assurance that a manifestly incurable disease can be permanently cured.

Fourth. A willful betrayal of the professional secret to the detriment of the patient.

Fifth. All advertisements of medical business in which untruthful and improbable statements are made.

Sixth. All advertisements of any kind, of any medicine or means, whereby the monthly periods of women can be regulated or the menses can be re-established if suppressed.

Seventh. Conviction of any offense involving moral turpitude.

Eighth. Habitual intemperance in the use of ardent spirits, narcotics or stimulants.

Sec. 8. All questions upon the different branches of medicine and surgery submitted by said board to candidates for examination shall either be written or printed, or partly written and printed, and the questions on each branch shall be arranged upon separate sheets of paper and numbered consecutively.

The candidates shall be supplied with a list of the questions upon but one branch or subject at a time, which, after completing his or her answers thereto, he or she shall be entitled to the next list of questions, and so on in like manner until said candidate shall have been examined in all the branches required. All answers to the questions thus submitted shall be in writing, upon suitable paper furnished by the board, no candidate being permitted to furnish his or her own paper for such written answers. Each list of the candidate's answers must bear the same title as the corresponding list of questions, and each answer shall be numbered to correspond with the question to which it refers. The questions submitted by the board to each candidate examined, together with the answers thereto, shall be placed and kept on file in the office of the secretary of said board, and shall constitute part of the records of said office.

Sec. 9. When complaint is made to the board, of unprofessional or other conduct, on the part of any licentiate, under the provisions of this act, meriting a suspension, revocation, or cancellation of his license, the board shall have power to hear evidence for and against the accused, touching such complaint, and if the board be satisfied from the evidence of the justice of such complaint, the board must institute proper proceedings in the District Court in and for the county where such licentiate resides, for the suspension or revocation, and cancellation of such license, and the District Courts of this State are hereby vested with jurisdiction to hear and determine all such proceedings, and to suspend or revoke and cancel any license at issue in any such proceedings. The accused shall be entitled to appear in person or by counsel at every stage of such proceedings, from the first hearing of said complaint before the board to the final disposition of the case in the District Court. All costs incident to any such proceeding in the District Court shall be assessed by the court as the justice of the case, in the discretion of the court, may require.

In all such proceedings the county attorney shall appear for the board in the District Court. In case the board refuse to grant a license to practice under this act, the applicant shall have the right to have the action of the board refusing such license reviewed by the District Court in and for the county in which the meetings at which the license was refused was held, or such other county as may be agreed upon: Provided, proceedings for such review be instituted within ten days after notice of such refusal upon the applicant.

Sec. 10. Any person practicing medicine and surgery within this State, without having obtained a license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not less than fifty dollars, nor more than three hundred dollars, or by imprisonment in the county jail not less than ten days, nor more than six months, or by both such fine and imprisonment, in the discretion of the court, together with the costs of prosecution, and each day such person continues to practice medicine and surgery, contrary to the provisions of this act, shall constitute a separate offense.

Sec. 11. Every person receiving a license under this act shall, within thirty days thereafter, have the same recorded in the office of the County Recorder, within the county where the licentiate intends to practice. Otherwise, said license is void. The County Recorder of each county shall have suitably prepared, a separate "book of record," in which all the licenses under this act, presented to them, shall be recorded, and on the first day of December of each year, furnish the Secretary of "State Medical Examining Board" a list of the licenses on record in his office, and upon notice to him from said secretary of the revocation of any license on record in his office, or of the death or removal from the county, of any person whose license is on record therein, said recorder shall make a note of the fact on the page containing the record of said license, so that the records kept by said County Recorder shall correspond with the records of his county, as kept by the secretary of said Medical Board.

Sec. 12. All licenses issued by the board shall be numbered consecutively and in the order issued. Each license shall be signed by the president and secretary of the board under the official seal of the board issuing same. Four members of the board shall constitute a quorum to transact business at any regular or special meeting.

Sec. 13. The words "respectable or reputable medical college or university in good standing" are hereby declared to mean such medical colleges or universities as are legally chartered, reputable, and in good standing within the State or county where they are located.

Sec. 14. Any person shall be regarded as practicing medicine and surgery, or either, who shall advertise in any manner, or hold himself out to the public as a

physician and surgeon, or either, in this State, or who shall investigate or diagnosticate or offer to investigate or diagnosticate any physical or mental ailment or any person with a view of relieving the same as is commonly done by physicians or surgeons, or suggest, recommend, prescribe or direct, for the use of any person, sick, injured or deformed, any drug, medicine, means or appliance for the intended relief, palliation, or cure of the same with the intent of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever: Provided, however, this act shall not apply to dentists and registered pharmacists or midwives in the legitimate practice of their respective professions, nor to service rendered in cases of emergency, where no fee is charged. Any person who shall present to the board, as his or her own, the diploma of another, or a forged affidavit of identification, or who shall attempt to personate another practitioner of a like or different name, shall, upon conviction thereof, be subject to such fine and imprisonment as are made and provided by the statutes of the State of Idaho for the crime of forgery.

Sec. 15. It shall be the duty of the county attorneys to prosecute all violations of this act within their respective counties. And all cases of appeal to the Supreme Court of the State, the Attorney General thereof shall represent said board upon said appeal. The board shall investigate all complaints of non-compliance with, or violations of, the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officers.

Sec. 16. This act shall not apply to commissioned medical officers of the United States army, navy and marine hospital service in the discharge of their official duties, nor to railway surgeons in the discharge of official duties, nor to legally qualified physicians and surgeons from other States, when called in consultation with any legally qualified physician and surgeon of this State.

Sec. 17. The members of said board shall look alone to the revenues of this act for reimbursements of actual expenses incurred in attendance upon the business of sessions of said board, and they shall look alone to the same source for their per diem allowance, which shall not exceed the sum of five dollars per day each, for each day said board may be in actual session.

Sec. 18. The Governor is hereby empowered to receive from the late secretary of the now defunct State Board of Medical Examiners all property and money in his possession belonging to the said board, and to deliver same to the Secretary of the State Board of Medical Examiners to be by him appointed under this act.

Sec. 19. All other acts and parts of acts regulating the practice of medicine and surgery in this State are hereby repealed.

Sec. 20. Whereas, an emergency is hereby declared to exist, this bill shall be in force and take effect from and after its passage and approval by the Governor.

Approved on the 3rd day of March, 1899.

An Act to Amend Sections 1342 and 1350 of the Revised Codes of Idaho.

Be it enacted by the Legislature of the State of Idaho:

Section 1. That section 1350 of the Idaho Revised Codes be amended to read as follows:

Section 1350: Any person practicing medicine and surgery within this State, without having obtained the license herein provided for, or contrary to the provisions of this chapter, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one hundred dollars ($100), nor more than one thousand dollars ($1000), or be imprisoned in the county jail not less than thirty (30) days, nor more than one (1) year, or be punished by both such fine and imprisonment, in the discretion of the court, together with the costs of prosecution, and each day such person continues to practice medicine and surgery contrary to the provisions of this chapter shall constitute a separate offense.

Section 2. That section 1342 of the Revised Codes of Idaho be amended to read as follows:

Section 1342: Said board shall have the authority to prescribe and establish all needful rules, regulations and by-laws not inconsistent with the laws of this State or the United States to carry into effect the provisions of this chapter, and said board may, either with or without examination grant a license to any physician licensed to practice by a similar board of any other State in which an average grade of not less than eighty per cent. was awarded to the holder thereof, the said applicant and holder of such certificate having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in any such State which said diploma may be accepted in lieu of an examination as evidence of qualification. In case the scope of said examination was less than that prescribed by this State, the applicant may be required to submit to an examination in such subjects as have not been covered.

Section 3. Whereas, an emergency exists therefor, this act shall take effect and be in force from and after its passage and approval by the Governor.

Approved March 15, 1909.

EXTRACTS FROM THE LAW AND RULES OF THE BOARD.

"There is no reciprocity in Idaho at present.

"No temporary license permits can be granted under the law.

"Practice in the State is prohibited under penalty until license is first obtained.

"The board meets for examination on the first Tuesday in April and October each year.

"No 'Special,' 'Private' or 'Individual' examinations are ever held by the board or any of its members. Applicants must appear in person at the regular stated meetings.

"To be eligible to examination, applicants must be graduates of recognized reputable medical colleges in good standing, and must present their diplomas to the board of inspection, together with certificates of good moral character signed by two reputable physicians, one of whom should be a physician residing at or near applicant's last place of residence.

"The subjects embraced in the examination are: Anatomy, physiology, chemistry and toxicology, materia-medica and therapeutics, diagnosis, theory and practice, hygiene, obstetrics, gynecology, surgery, pathology and histology.

"Candidates from all schools of practice are examined on all subjects in common, except the questions on materia-medica and therapeutics, which are adapted to the school of practice accepted by the candidate.

"A recent unmounted photograph must be filed with the application.

"The fee for examination is $25.00, which must be forwarded with the application to the secretary prior to examination."

Application blanks and further information may be had by addressing the secretary.
